

POLICE CAN FIND NO TRACE OF SLAYER OF CHICAGO STUDENT

Nude Body of Ida G. Teeg-
son, Art Student Found
on Prairie West of City

IS STRANGLED TO DEATH

Death Is Due to Strangulation by
Silken Fish Line—Girl Makes
Desperate Struggle for Life

SEEKS PLACE AS A NURSE

CHICAGO, Oct. 6.—Miss Ida G. Leegson, art student, whose nude body was found on the prairie west of here, was lured to her death by some man who telephoned to her in response to her advertisement for a place as a nurse. This was the conclusion of the police tonight after more than twenty-four hours search, which resulted, the police admit, in no trail which can direct them to the murderer.

The thin silken fish line found near the body and the bruised circle it had left around Miss Leegson's neck showed them the manner of her death, her tattered clothes strewn for half a mile along the road approaching the prairie and the bruises of the body indicated that death had come only after she had made a hard struggle but there was nothing found to show by whom Miss Leegson had been induced to visit the lonely spot on the western outskirts of the city. After giving up her position as a school teacher in Mason City, Ia., Sept. 29, Miss Leegson came to Chicago and engaged a room with Mrs. James P. Burnette, saying she was going to try to earn more money to continue her art studies. Saturday she placed an advertisement in a paper asking for a place as a trained nurse.

Saturday afternoon a telephone call came from a "Mr. Wilson," who, when told Miss Leegson was out, inquired closely after her personal appearance. An hour later he called again and asked her to go to a point on the west side to care for his wife. She left to answer the call and was not heard from again by her friends. The street address given by "Mr. Wilson" proved to be a vacant lot on the prairie. A canvass of the houses in the vicinity of the prairie showed no one named Wilson. The possibility that Miss Leegson was lured to her death by an organized band of "white slavers" while being investigated by the police is not believed by them to offer a solution of the mystery. An investigation among the teachers at the University of Chicago and at the Art Institute indicated that the murdered woman had been known for her industry, that she had no men friends and that her death was the result of strangulation, according to Dr. T. J. Springer, coroner's physician, who declared that from the appearances of the body Miss Leegson could not have been dead more than an hour and a half before the body was discovered.

The police are searching for the dark colored, high covered automobile described by William Salvage, a switchman, on the Belt Line road, who reported that he had seen such a car pass his crossing Saturday night and that it had returned an hour or so later.

Miss Leegson's hand satchel was found today a block from where the body was found. It had been slashed with a knife and its contents, except a pair of stockings and a piece of soap, removed.

Police Make Discovery.
Mason City, Ia., Oct. 6.—Miss Ida Leegson, the sculptress who was murdered in Chicago Saturday night, cashed a check for \$5 at a local store Sept. 5. It was signed by R. E. Graves and drawn on the Sheridan Trust Savings Bank of Chicago. This fact was learned by the police department here today.

The police also say that on the night following Miss Leegson's disappearance from here Sept. 29 a stranger called to see her at her boarding house.

An abandoned automobile was found tonight by detectives in Orland, a suburb near where Miss Leegson was discovered. The machine was identified as belonging to E. G. Eldridge of Chicago. He said that it was stolen some time Saturday afternoon from a south side public park. Several persons living near where the body was found said they had seen Miss Leegson being driven past in a large black car similar to the abandoned machine. The police are proceeding on the theory that the stolen car was used in the abduction of Miss Leegson.

Description of Murderer.
A description of the murder of Miss Leegson was given tonight by near the scene of the crime. Miss Palowski says she saw the art student with a man riding on a street car near city limits on the day of the murder. She said the two left the car at the end of the line and she lost sight of them. Miss Polo-

SULZER ATTEMPTED TO GET ROOT'S INFLUENCE

SOUGHT TO HAVE SENATOR PREVENT
TRIAL OF IMPEACHMENT

Allen Ryan Gives Testimony Which
Is Subsequently Stricken Out by
Vote of Court—Compares Sulzer
With Apostle Paul.

ALBANY, N. Y., Oct. 6.—Governor William E. Sulzer attempted to obtain the influence of United States Senator Elihu Root and of William Barnes, chairman of the Republican state committee to prevent the trial of his impeachment, according to testimony adduced at the trial today, although subsequently stricken out by the vote of the court. Allan A. Ryan, son of Thomas F. Ryan, a New York financier, gave the testimony. It was also brought out through the testimony of Ignatius V. McGlone, secretary of the elder Ryan, that Governor Sulzer was the recipient of a \$10,000 cash campaign contribution from the Ryans, which was not reported in the governor's sworn campaign statement.

Mr. Ryan was called to the stand today after the attorneys for the impeachment managers had obtained permission to re-open their case, which they announced as complete when court adjourned last Thursday. The witness said that just a week before the trial of impeachment began he had seen Governor Sulzer in the latter's office in New York.

"I asked me," testified the financier's son slowly, "to go to Washington and see Senator Root and request him to see Mr. William Barnes, get him to endeavor to have the Republican members of this body to vote that this court had no right to try him and impeach him." He later told newspaper reporters he "did not see or communicate with Senator Root on the subject."

Compares Sulzer With Paul.
The testimony preceded the opening of the case for the defense late in the afternoon by Harvey O. Hinman, who compared Governor Sulzer to the Apostle Paul, whose former friends, the attorney said, "did not attempt to impeach him or his epistles for what he had done while acting with them."

"When, in the nineteenth century, has a voice been raised to condemn Paul or his epistles for his acts as Saul?" asked Mr. Hinman.

The question was, he added, whether Governor Sulzer was impeached for corrupt conduct in office or "because of what he has refused to do since he took office."

Loaned Governor \$10,000.
Edward P. Meany, attorney for the New York telephone company, testified that he had "loaned" the governor \$10,000 in cash within a week or ten days after his nomination. Meany said he had paid the contribution in cash because he did not wish it known for the "gift might be misconstrued."

He added the governor had promised to pay it back to him whenever he could. A letter which the governor had written supposedly in connection with the gift and not allowed in evidence was reported to have been a recommendation by the governor to President Wilson that Meany be appointed to an ambassadorship.

In connection with this part of the testimony attorneys charge counsel for the board of managers with using unfair tactics and making unwarranted insinuations throughout the trial. The attorney took up various articles of impeachment and stated at considerable length the views of the defense, dwelling especially on the contention that Governor Sulzer considered campaign contributions as personal gifts. Referring to the charge of perjury, Mr. Hinman declared that nowhere does the law say that a candidate shall tell what money he receives during the campaign. Only a statement showing expenditures is demanded. None has questioned the governor's expenditures, therefore his affidavit meets every requirement of the law and he is in no way guilty of perjury.

JURY FINDS MRS. KELLER GUILTY OF MURDER IN THE FIRST DEGREE

Woman Was Charged With Killing
Her Husband and Daughter—Penalty Fixed at Life Imprisonment.

Harrisonville, Mo., Oct. 6.—Mrs. Ida May Keller, charged with killing her husband and seven year old daughter, Margaret, was convicted of murder in the first degree by a jury here late tonight and her punishment was fixed at life imprisonment in the state penitentiary. The jury took but one ballot.

Arthur Keller, a railroad laborer, and his daughter were slain in their beds early in the morning of June 10 last. Mrs. Keller's screams attracted neighbors and she said a strange man had entered her house and killed her husband and daughter with an axe and escaped. Two days later the woman made a confession to the authorities admitting the murders. On the witness stand she repudiated the confession, testifying that she had been intimidated and forced into making it by a Kansas City detective.

wski came to the morgue to identify the body and her identification was positive.

The man she said, appeared to be about 30 to 35 years old and to weight about 160 pounds. He was well dressed, she said in a blue suit a velvet coat and wore a close clipped mustache.

CUMMINS OUTLINES REFORM PROPOSAL

Announces Plans of "Conciliation Committee" of Republicans and Progressives

TO MODIFY PRESENT RULES

Chief Issue Involved Is Methods of Selecting and Seating Delegates in the National Republican Convention

CONVENTION MUST REVERSE RULES

WASHINGTON, Oct. 6.—Senator Cummins today outlined in part the reform plans of the so-called "conciliation committee" of Republicans and Progressives, which hopes to bring about the holding of a national convention early in 1910. The change in the representation of southern states in the national convention is a secondary matter in the program of the committee. With the added support of many Republican leaders who did not participate in the "get-together" conference in Chicago last spring, they will insist that the control of the Republican national committee over seating of delegates in a national convention be abolished.

"The chief issue in this fight," Senator Cummins said today, "is that involving the method of selecting and seating delegates to the national convention. The committee will propose a temporary roll of delegates or to pass on the credentials of state delegates before they are seated in the convention."

"Where states have primary laws that govern the election of delegates, it will be an easy matter to provide by party rule that the certificates issued by local election officials shall be final evidence entitling the delegates to seats in the convention. Where such laws do not exist, however, I believe that Republican authorities in each state, either the state committee or a special board should pass on all contests and settle the eligibility of delegations before they go to the national conventions."

"We shall insist that some such change as this be made so that the Republican national committee will not in the future have the power to temporarily seat contested or contested delegations and thus virtually determine the control of the national convention. This question together with the proposal that members of the national committee shall take office as soon as elected, instead of leaving the control of the national committee in the old committee's hands throughout the campaign, is proposed to bring all possible pressure to bear on members of the national committee before the date set for the meeting in Washington, to induce them to agree to the holding of a national convention not later than next February. The advocates of the convention will vigorously oppose any attempt by the national committee to make the proposed changes itself, such action the reform leaders claim would not establish popular confidence in the party re-organization as would a revision of rules made by a regularly called national convention."

**WEATHER INDICATIONS
AND TEMPERATURES**
Washington, Oct. 6.—For Illinois: Unsettled Tuesday, cooler by night; Wednesday fair and cooler, moderate variable winds.
Temperatures.
Chicago, Oct. 6.—Current, maximum and minimum temperatures today were:
Boston 53 60 56
Buffalo 70 78 62

COUNTY JAIL "TOO CRUEL"

Des Moines, Ia., Oct. 6.—Judge McHenry of the criminal division of the district court sentenced Glenn McGill, self-confessed thief, to the Aramosa reformatory today because as the judge expressed it, "to send a man to the county jail for a year is too cruel for any use." McGill had pleaded guilty to stealing a coat-

POLITICIANS ARRIVE FOR PARTY ROUND-UPS

CONFERENCES MAY HAVE IMPORTANT
BEARING ON NEXT ELECTION

United States Senatorship Is About
the Most Important Matter to be
Taken Up—Many Aspire For Sher-
man's Place.

SPRINGFIELD, Ill., Oct. 6.—The political pulse of Illinois will be felt numerous times during the next few days and conferences which may have an important bearing upon the next election in the state will be frequent. Politicians of all descriptions and creeds have already begun to arrive in Springfield for the three days' political roundup which starts on Wednesday.

Several Want Sherman's Place.
About the most important matter to be taken up will be the United States senatorship, a number of candidates from each of the three leading parties having already been spoken of as possible timber for the short term place now held by Senator Lawrence V. Sherman of this city. Senator Sherman is a candidate himself and during the week an announcement is expected from his as to his plans for opening his campaign re-nomination. There are several Democratic aspirants for the place, among the mentioned being Roger C. Sullivan of Chicago, former national committeeman from Illinois; Hon. Carl Vrooman of Bloomington; Congressman Lawrence B. Stringer of Lincoln; Fred Kern of Belleville and State Senator W. Duff Piercey of Mt. Vernon.

Democratic day is set for Thursday.

United States Senator James Hamilton Lewis will reach the city Wednesday night. Tonight Governor Dunne wired Senator Lewis, asking him to arrange to stay until Saturday night if possible. If Senator Lewis can stay that long the governor plans to tender him a dinner at the executive mansion Saturday evening to which a large number of prominent Democrats will be invited. The Progressives plan to make a great showing during the week, their day at the fair having been designated as Wednesday. Today the Progressives set up a tent at the fair grounds and all week literature will be distributed from this point which will be used as a headquarters for members of the party visiting the fair. At noon on Wednesday there will be a rally in the Woman's building at which addresses will be made by former Senator Frank P. Cook, Representative Medill McCormick, Raymond Robins, Representative George Fitch of Peoria, Mrs. Antonette Funk of Chicago and others.

REPUBLICAN DAY FRIDAY

The Republicans will hold full sway at the fair on Friday. During the morning a meeting will be held in the "sun parlor" at the Leland hotel and in the afternoon the visitors will attend the fair. Many prominent Republicans from all sections of the state will be present, and a number of former congressmen who were engulfed in the Democratic tidal wave last November are expected to announce their candidacies for their old seats. Among the number is "Uncle Joe" Cannon of Danville, who was for many years speaker of the house of representatives. Other prominent Republicans who will be here are former Governor Deneen, State Chairman Roy O. West, Frank Lowden, former Governor Richard Yates, William McKinley, former Secretary of State C. J. Doyle and many others.

GALESBURG WOMAN LEAVES LARGE AMOUNT TO CHARITY

Mrs. Mary McKnight Bequeaths
\$435,000 of Her Half Million Dol-
lar Estate to Charity.

Galesburg, Ill., Oct. 6.—With the filing of the will of Mrs. Mary Davis McKnight today it became known that \$435,000 of her half million dollar estate had been given to charity. Provision is made for a \$150,000 orphan's home to be built in Galesburg. Other gifts are:
Moody Bible Institute, Chicago, \$25,000.
Chicago Tract society, \$25,000.
American Bible society, \$25,000.
American Board of Congregational Foreign Missions, \$75,000.
American Missionary Association of Congregational church, \$100,000.
Galesburg Associated Charities, \$5,000.
Galesburg Y. M. C. A., \$10,000.
Christian Home of Council Bluffs, Ia., \$5,000.
Galesburg hospital, \$15,000.
Mrs. McKnight died Sept. 22.

DISCOVER ALLEGED BANDIT

Stonington, Conn., Oct. 6.—Skirmishing through the woods in the northern part of this town tonight, coast artillery discovered a man who is believed to be one of the two masked highwaymen who early in the day held up Carl Koleh, paymaster of the American Velvet company and took from him a satchel containing \$15,000 in coin and bills. The body was quickly recovered from a hole in a wall where the bag had been thrown.

MAN ROBBED AND MURDERED

Rock Island, Ill., Oct. 6.—The body of Basil Martens, victim of the second murder here within a week, was found in the prairie today. He was taken home with him the proceeds of the sale of a load of hogs and is believed to have been waylaid by a robber who shot him to death and escaped with the money.

CAN FIX ONLY TWO MURDERSON SPENCER

Police Have No Records of
Twelve of Alleged Killings
Confessed to by Slayer

HALPIN HAS COMPLETE PROOF

Chicago Chief of Detectives Declares Pris-
oner Killed Mrs. Rexroat—Equally Con-
fident He Murdered Mrs. Wright

DESCRIBES DANCING TEACHER'S DEATH

CHICAGO, Oct. 6.—Of the nineteen murders Henry Spencer, slayer of Mrs. Mildred Allison-Rexroat, swore he had committed the police tonight after investigating his alleged crimes in various cities, were able to fix upon him only one murder or possibly two.

Captain Halpin, chief of the detective bureau, announced his conviction that Spencer, in giving his long circumstantial confession of fiendish crime was a consummate falsifier.

No Record of Twelve of the Murders.

Four of the murders he says he committed were perpetrated while Spencer was in the Illinois state penitentiary at Joliet. Of twelve of the alleged murders the police in this and other cities have no record. In one case described by Spencer police records show that a body was recovered, but the detectives have as yet established no connection between Spencer and the crime.

Except for, possibly, two murders Spencer's weird story of killing people by hammering in their skulls and sinking their bodies in lakes seems pure fabrication." Captain Halpin said tonight. "His imagination, stimulated by drugs, poured out one of the most fantastic tales of murder that has ever come from a man whose mind is given to dreams of crime."

Captain Halpin declared tonight that he has complete proof that Spencer murdered Mrs. Rexroat and is almost equally confident that he murdered Mrs. Annabel Wright. Mrs. Wright's house was robbed December 4, 1912, and she was beaten so badly that she died in the county hospital July 13, 1913.

The body of Ida Oliver, recovered from the drainage canal May 29, 1912, may correspond to the foreign woman whom Spencer said he lured along the canal and killed her after robbing her.

Was in Penitentiary.

Spencer was in the penitentiary when Policemen Pennell and Devine were killed August 11, 1912. He also was in prison in 1908 when Fannie Thompson was killed and when Emmett McChesney was killed in September, 1911.

Police authorities in other cities mentioned by Spencer deny that many of the boasted crimes were committed. Officials of Zion City have no record of the man said to have been shot and thrown into the lake. The chief of police at Walker, Ill., said there had not been a murder there in twenty years. Information from Goshen, N. Y., was that there was no record of a murder near Port Montgomery, where Spencer said he had killed his first wife, Nellie.

Delavan and Fox Lake, Wis., reported that no bodies were recovered of the three women and a man, Spencer said he killed and threw into the lake at the two Wisconsin resorts. The St. Joseph, Mich., authorities could find no record of the murder of Mrs. Connors reported in the confession.

No records could be found here of the old man, alleged to have been killed in Jackson, Mich., last spring or the woman he said he killed at Elfton and Halsted streets, eight months ago, or of a saloon-keeper on the west side.

Complete Identification.
Complete identification of Spencer as the murderer of Mrs. Rexroat came from several different sources today, while at least two sections of his confession, referring to the hold-ups and robberies, were confirmed by visitors to the detective headquarters.

C. A. Goodwin of Wheaton, Ill., identified Spencer as the man who had ridden with Mrs. Rexroat on the seat behind him from Chicago to Wayne, Ill., on the night Mrs. Rexroat was murdered. Spencer's voice was identified as the drawing voice that had called up Mrs. Johnstone, Mrs. Rexroat's landlady and through her had made the engagement that led the dancing teacher to her death.

Captain Halpin asserted that he probably would be able to prove that the death of Mrs. Wright was the work of Spencer, although there was a discrepancy of a month in the date mentioned by Spencer as the time he killed her and the police record of the attack on her.

Describes Mrs. Rexroat's Death

In describing his murder of Mrs. Rexroat, Spencer said he met her last May, a few days after she had been divorced from her first husband. He said he lured her to Wayne, where he killed her by telling her to have a dancing class for her to instruct out there. Spencer said that he went out to Wayne in the afternoon to look over the ground and while there placed a hammer behind a telephone booth where it was subsequently found. Then he returned to Chi-

WILSON MAKES START ON ANTI-TRUST PROGRAM

PRESIDENT HAS LONG CONFERENCE
WITH SENATOR NEWLANDS

Discussion Is on General Character,
Bringing Forth no Particular
Scheme of Legislation—Examine
History For and Against Bills.

WASHINGTON, Oct. 6.—A start was made by President Wilson on his anti-trust program for the December session of congress. He had a long preliminary conference with Senator Newlands of Nevada, chairman of the interstate commerce commission, which handles trust legislation in the senate. The president expects to confer also in the near future with Representative Clayton, chairman of the house judiciary committee, as well with other members of the two congressional committees which will be directly in charge of the legislation. Senator Newlands said after the conference that he expected the president to transmit some recommendations to his committee early in December. These probably will materialize after the president consults Attorney General McReynolds and some prominent lawyers outside of the official circle who have been studying the problem for years.

Today's discussion with Chairman Newlands was on a general character, bringing forth no particular scheme of legislation. The president and senator examined the history presented for and against pending bills which would supplement the Sherman anti-trust act by providing for the prevention of holding companies, stock water and discrimination of prices, the regulation of the size of business and the definition of the word "reasonable" as used by the supreme court of the United States.

Senator Newlands, himself, has a bill pending that would create an interstate trade commission with powers of publicity, investigation and correction, the problem of preliminary investigation regarding violations of the Sherman act, the power to aid the courts in the enforcement of their decrees, the dissolution of trusts and the re-assembling in legal form of their constituent elements.

STRIKE SPREADS TO SCHOOLS.

Calumet, Mich., Oct. 6.—The copper miners' strike has spread to the public schools of Keweenaw district, the most strongly organized in the strike zone. Fifty pupils from strikers' homes did not report at school today and it is said the "strike" may grow until it involves all of the "strikers' school children. Fifty children out today were kept at home by their parents on account of mine guards. The trust officers' investigation showed that the mine guards had only cautioned the children for loitering at them.

SPARKS FROM THE WIRES

JOLIET, Ill., Oct. 6.—Frank Callahan an engineer and Frank Tingle, a fireman, were arrested by detectives, who say they caught them stealing goods from box cars.

EDWARDSVILLE, Ill., Oct. 6.—Frank Graf killed himself here today after attempting to shoot his wife and her sister. While his wife was fleeing from the house with her one year old son, Graf shot at them, but the bullet went over their heads.

JOLIET, Ill., Oct. 6.—Fatally injured by being run over by a heavily loaded wagon John Huseman crawled a half mile for aid and fell dead to his assistance.

SPRINGFIELD, Ill., Oct. 7.—Fire which started at 12:30 o'clock this morning at Chatham, a village seven miles southwest of this city in the Chatham elevator, has consumed the elevator, and lumber yard adjoining it, and now threatens the entire village. The loss is estimated at \$50,000.

PANAMA, Oct. 6.—The village of Tomosi in the western part of the republic, according to an unconfirmed report, was totally destroyed by an earthquake last Saturday. Shocks were felt both here and at Colon the same day. Tomosi had a population of 300 persons.

ago and arranged with Mrs. Rexroat to meet him at the depot. They boarded the train and went to Wayne. There, he said, they walked down the track. Near a bridge he turned suddenly, drew a gun and shot the woman through the back of the head. "She just fell over," Spencer said. "I took the ring off her finger and then moved her across the track. I took the diamond ring and suit case and walked back the same way to the depot."

On the way back to Chicago, Spencer said, he opened the suit case and threw the contents out of the window.

State's Attorney C. W. Hadley and Sheriff A. A. Kuhn of Du Page county, in which the murder was committed, demanded today that Spencer be turned over to them for trial. Captain Halpin said he would not surrender the man however, and said he would hold him at least until he had checked up completely on all the killings in which the murder was committed. In Chicago, Spencer was rejected to a long examination today and to-day night showed signs of exhaustion. Then he returned to Chi-

WORST STORM IN HISTORY SWEEPS THROUGH NOME

Storm Beating In from
Bering Sea Devastates
Two Miles of Property

CAUSES MUCH SUFFERING

Natives Need Outside Help as
Winter Is at Hand and It Is
Impossible to Get Supplies

500 HOUSES ARE DEMOLISHED

BULLETIN.

NOME, Oct.—Front street is a seething mass of wreckage into which seas are breaking while hundreds of homeless persons are struggling to have the necessities of life. Receding seas are carrying away the contents of wrecked houses and stores as well as parts of wrecked houses. None of the buildings on sand-spit remain standing and the leveled structures there are in flames. This portion of the community is cut off by the turbulent waters.

NOME, Alaska, Oct. 6.—Nome has been almost destroyed by a storm. All the south side of Front street is gone. The sand-spit is gone. Two miles of property was devastated. The storm that began last night beating in from Bering sea was the worst ever known here. Men and women worked all night in water to have their household effects. The electric light plant was wrecked and telephone service cut off. The loss is estimated at \$1,500,000. There will be much suffering and outside help will be required. Winter is at hand and it will be impossible to get in supplies needed. The steamships Victoria and Corwin, which were lying in the roadstead, ran into the open sea and escaped damage. All the small boats on the beach were destroyed. Five hundred houses have been demolished and more are falling.

NOME, the famous gold camp on Bering sea, the most northerly city in the world, was built on a sandy sea bed. In front of the town there is anchorage for ships, but steamers do not make a landing. Cargoes and passengers are landed at an aerial tramway station in deep water. The principal part of the town, which a dozen years ago had a population of 20,000, is on the east side of Snake river with a long finger extending to the west along a narrow sand-spit. This sand-spit was rich in gold dust and the early settlers built their camps there.

Of late years the sands have been worked out and little except dredging operations, which require large capital, is being done. It has been estimated that the dredges have enough ground in sight to operate fifty years more. Nome has produced more than \$35,000,000 in gold dust. Some years the yield has been as high as \$8,000,000. This year the production will not exceed \$7,000,000 owing to lack of water. The summer population of Nome is about 4,000 and in winter 2,000 remain, the others coming out on steamships that leave late in October. One steamship is yet to leave Seattle for Nome.

Revenue Cutter To Nome.
Washington, Oct. 6.—The Revenue Cutter Bear is now enroute from Uraltas to Nome. No official report has been received here of the storm which wiped out the Alaskan City, but the Bear is expected to reach Nome in a day or two and probably will make a report of the needs of the people.

Communication Interrupted.
Seattle, Wash., Oct. 6.—Communication with Nome, Alaska, has been interrupted since the middle of the afternoon. It is believed the storm which ate away the sand spit and demolished a larger part of the city has completely disabled the wireless station here.

JAMES HEADS POSTMASTERS.

Springfield, Oct. 6.—The seventh annual convention of the third and fourth class postmasters of Illinois opened in this city today for a two days session.

Officers elected today follow:
President—Charles H. James, Meredosia.
Vice president—John W. Baker, McLean.
Secretary—Fred Wilson, Broughton.
Treasurer—John G. Brown, Fox Lake.

Chicago, Oct. 6.—William Rufus Edwards, a wealthy lumber and coal dealer of St. Paul, Minn., was indicted by the federal grand jury here today charged with a violation of the Mann white slave act. He was charged with having caused the transportation of Miss Ada M. Cox from Chicago to St. Paul, Oct. 7, 1910. Miss Cox was at that time employed as a stenographer for the Shelbyville County Coal company. Her home was in Rockford, Ill.

Diamonds Make Good Investments

A fine diamond never depreciates in value. You wear it with pride and pleasure, and it is worth what you paid for it many years after you bought it. It can always be turned into cash at its real value.

Our long acquaintance with the diamond market, and our foresight in selecting some especially choice stones before the prices advanced enable us to offer some splendid values. The stones are brilliant in color, perfectly cut, and well fitted for adornment or as an investment.

We have unusually choice stones in rings, from 1-8 to 3-8 carat, mounted in hand-made 14 K. gold mountings. Prices \$15, \$25, \$35 and \$50.

In larger stones, we are selling some beauties at a very close margin. You cannot appreciate their beauty and value unless you see them.

DENNIS SCHRAM

Jacksonville, Ill.

Bread is the cheapest and nourishing most food you can provide.

There's just one flour that bakes bread so good your family will want more.

"Cainson Flour"

(Reg. U. S. Pat. Off.)

The highest quality Flour in America and worth all it costs.

JUST ONE! JUST ONE!

At All Grocers

It has that sweet creamy, nutty flavor.

MATRIMONIAL

Ketner-Riggs.

The marriage of Clifford Ketner and Miss Clara Riggs, both of Murrayville took place Monday afternoon, at 2:30 o'clock, at the residence of Mr. and Mrs. G. L. Riggs, 207 East College avenue, Rev. F. A. McCarty performing the ceremony. The marriage was witnessed by the mother of the groom and his brother Basil Ketner.

The bride for a number of years has made her home with Mr. and Mrs. Thomas Tinsington, near Murrayville and the groom is the son of Mr. and Mrs. C. W. Ketner of Murrayville. The young people come from highly respected families and both have been interested in the work of the Methodist church of their home community. Last night the young people were given a reception at her home by members of her Sunday school class.

The young couple expect to leave Tuesday for San Diego, Cal., where they will make their home. They will be accompanied by Basil Ketner.

ELECTROCUTION PURELY ACCIDENTAL

JURY GIVE VERDICT IN DEATH OF GEORGE HOCKING.

Came in Contact With Wire Carrying 2,300 Volts, While Working at Plant—Had Been in Employ of Company 28 Years—Funeral This Afternoon.

While working at the back of a switchboard at the plant of the Jacksonville Railway and Light company, George Hocking, electrician for the company, was electrocuted Sunday morning about 10 o'clock. While it is not definitely known just how the accident happened, it is thought that while working on the connections of some switches he fainted and fell on the scaffold, his left hand touching a wire carrying 2,300 volts of electricity.

A coroner's inquest was held Monday morning at the court house by Coroner George W. Wright, with the following composing the jury: Perry J. White, foreman; E. M. Henderson, Frank M. Metcalf, Theodore A. Irman, G. T. Hollinger and W. S. Camp, clerk.

Christensen's Testimony.

W. N. Christensen, employed by the company, was the first witness and he testified in part as follows: "Mr. Hocking went to work about 8 o'clock Sunday morning and when I first noticed him he had two out of three wires cut down at the live end. He handed the wires down to me and I let them to the floor. My attention was called to the boiler room and I did not return till he was working back of the board. When I saw him there he was sitting on the planks with his feet hanging down back of the board. He was making connections on the motor generator that had been disconnected some four weeks ago. He had one stud put on and was tightening up the next one by filing so that he could get the nut started. He was up on the platform and down twice that I know of, complaining that it was hot behind the board. He had a sweater coat on and took it off because of the heat. He was still filling on the stud when I was back of the board talking to him for the last time. I left him and went to the front of the board, probably fifteen feet distant, when I heard the first report, which lasted but a short time and stopped. The second report had just started as I opened the switch to throw off power and when I went back of the board I think he had fallen over onto the switches which were at his side below him. I saw that his shirt was on fire and threw sand on him and got him down as quickly as possible. We carried him to the front of the board and other men worked on him continuously until Dr. Black arrived. The platform is about seven feet from the floor and is supported by inch pipes.

When I reached him he was lying on his left side with his left hand hanging down and his clothing afire; at that time he was dead. I do not know where he received the shock or where it came from. There were no live wires under the platform, only at one side where the switches were. I believe he was unconscious before he toppled over and his arm came into contact with the switches."

C. E. Pickup was the next witness and stated that he was in the engine room of the plant when the accident happened and was about thirty feet from Mr. Hocking when he saw the flash. He stated that he deceased was in a sitting position leaning forward, resting his weight on his arms and that after learning that the current was turned off he went up where the dead man was and lifted him down to Mr. Christensen and Mr. DeFreitas. He stated that the deceased was working on the middle one of three switches where the changes were being made and that there was a wire across in front of him and about three inches above his knees, that the switches were ten or twelve inches in front of him and that it was impossible for him to get against these switches with his legs or knees. He also stated that Mr. Hocking had complained of not feeling well Friday.

J. K. DeFreitas, another employee of the company, was the next witness called and after testifying in detail about assisting Mr. Hocking at work and said that when he had finished coiling the wires he heard a buzzing sound, but before he could

get back to the board Mr. Christensen had already pulled the switches. He said that he carried the deceased to the front of the board and that he did not know how the deceased came into contact with the current.

No Danger From Switchboard.

W. B. Miser, general superintendent of the company, testified that as he saw it there was absolutely no danger from the switchboard from where the man was working. He stated that in his opinion Mr. Hocking must have made the contact underneath the platform in order to get the fatal shock. The jury returned a verdict that Mr. Hocking was electrocuted at the power plant of the company while in the discharge of his duties and that the electrocution was purely accidental.

Electrocution For 28 Years.

Mr. Hocking was born in this city September 28, 1858. His family name was Johnson but his parents died during his early infancy and he was taken into the family of Deacon Richard Hocking, his wife being an aunt of George's mother. Mr. Hocking was married to Miss Belle Dodson at Jerseyville twenty-eight years ago and since that time has been employed as an electrician in this community. He was an expert workman and most faithful in the discharge of his duties. He was also known to be as careful as he was faithful and always cautioned the men with whom he worked. He was highly respected by all who knew him. Mr. Hocking was a faithful member of the First Baptist church and also took an active part in the work of the Sunday school of that organization, having been its secretary for ten years. He had also been head usher in the church for ten years. He was a member of Illini lodge No. 4, A. O. U. F., and a member of the Woodmen.

Funeral Today.

The remains were taken to the Reynolds undertaking establishment immediately after the accident and Monday afternoon were removed to the residence on South Main street. Funeral services will be held at the First Baptist church this afternoon at 2:30 o'clock in charge of Rev. W. L. Dorgan. Interment will be made in Diamond Grove cemetery. The bearers will be Dennis Schram, Joseph Shreve, A. B. Williamson, Dr. R. C. Henley, Charles Glossop and Mortimer VanHouten.

DON'T TRUST CALOMEL

Thousands Experience Bad After Effects From This Dangerous Drug.

A Safe Vegetable Substitute Is Dr. Edwards' Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a laxative and liver toner in a combination of vegetable materials mixed with olive oil, which is in effect almost exactly like calomel, except that there are none of the bad after effects.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him, years ago, towards experiments with the view of discovering a substitute, and he has been for several years in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-colored tablet.

The results of 17 years' experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets. And their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of other who have suffered and were afraid of calomel.

There is no necessity, when you take Dr. Edwards' Olive Tablets, by following them up with nasty, sickening, griping salts, or castor oil, as you do after taking calomel. Try them. 10c and 25c per box. The Olive Tablet Company, Columbus, O.—Adv.

SCOTT'S THEATRE

A big feature every day this week. Read adv. on page 3.

SPECIAL WEEK

SEVERAL ARE PROMOTED AT DRILL OF CO. B, MONDAY NIGHT

Sergeant L. P. Burke Resigns—Drills Have Been Resumed for the Winter.

At the regular drill of Co. B, I. N. G., held Monday night several promotions were announced. Corporal Hugh Shepard was promoted to quartermaster sergeant, Corporal Durrell Hatfield to duty sergeant and Privates Edward Alexander, Harrison Dickson and Ross Chapman to be corporals.

Sergt. Shepard takes the place of Sergt. L. P. Burke, who was discharged by special order No. 142 from Governor Dunne, by request of Sergt. Burke on account of long service. During the Spanish-American war Mr. Burke served in the Ninth Illinois Inf., at Porto Rico and has been a member of the National Guard practically ever since. Sergt. Hatfield takes the place of Sergt. Frank Phillips on account of his removal from jurisdiction.

Drills have been resumed for the winter and will be held every Monday night at Armory hall. Capt. Owen announced that the new law making it a court martial for desertion for four consecutive absences from drill without excuse, will be strictly enforced. He explained that the law required this and that company commanders not reporting such absences would be held liable to courtmartial. At drill Monday night there were present two commissioned officers and men. Capt. Owen also stated that Lieut. W. P. Phillips, who has been withholding his resignation in expectation of trouble in Mexico, is expected to resign immediately.

PHELPS & OSBORNE

BUY YOUR UNDERWEAR HERE FOR WOMEN, MISSES AND CHILDREN

ATHENA UNDERWEAR HAS NO SUPERIOR. BUY IT AND BE SATISFIED

HOW many women would accept a tailored suit which depends for its fit, over the bust and the hips, upon the elasticity of its materials? Yet there are scores of brands of knit underwear which depend almost entirely upon the elasticity of the fabric for a semblance of shapeliness.

Athena Underwear on the contrary is cut to fit, tailored to fit, and actually and truthfully does fit without stretching.

The features combined for the first time in Athena Underwear all contribute to its tailored perfection

THE PATENT-FITTED SEAT—The most notable improvement ever made in underwear designing, being so shaped that it clings snugly to the figure in any posture.

THE THREE-CORNERED GUSSET—Relieves the strain at the thigh, giving greater comfort and longer wear.

THE PERFECTED SHOULDER STAY—Keeps the garment from stretching down over the shoulder and holds the sleeve in place.

THE FITTED SHOULDER AND SLEEVE—Give the natural form to the bust and the proper tapering to the back.

THE EXTRA ELASTIC CUFF—Holds the sleeve in place and keeps it from slipping up on the arm.

SHAPING AND SIZING—Giving Athena garments the actual body lines and proportions, and affording sizes that will fit with tailored precision.

You can buy Athena at the price you have been paying for ordinary underwear. Made in thirty-eight fabrics—comprising sheer light-weight hile and cotton, light-weight wool, heavy-weight cotton (fleece and unfleece), heavy-weight wool, silk and wool. Twenty-eight distinctive shapes.

G. G. Rudisill, Consul.

L. Piepenbring, Clerk.

Notice of the Return of Our Weekly Bargain Sales

It has been some time since we announced a "Bargain Friday" Sale, but there has been such an insistent demand upon the part of our customers for their return that we have decided to again inaugurate these weekly specials. Next Friday will mark their introduction, only this season we are going to make them more attractive than heretofore by making

Friday and Saturday Both Bargain Days

The list will be printed in this paper every Thursday morning, giving you ample time to anticipate your needs and then be on hand either Friday or Saturday. The introductory sale for Friday and Saturday of this week will be an especially attractive one, as some wonderful bargains were picked up while in the Chicago market. Watch for Thursday's announcement.

Patterns**SOCIAL EVENTS.**

The first joint social event of the Woman's Missionary society and the Young Woman's Missionary society of Grace M. E. church was given yesterday afternoon at the home of Mrs. F. H. Rowe, 1152 West State street.

Mrs. J. W. Miller presided and Mrs. John N. Ward presented a very interesting paper on a missionary topic.

Mrs. Milton Rees added very greatly to the pleasure of the program with a vocal solo. After the program came a social hour with refreshments. Miss Idella Walton, assisted Mrs. Rowe, the hostess.

Mrs. John R. Robertson entertained a limited company yesterday afternoon at her home, 1203 West State street, at an informal tea in honor of the birthday of her mother, Mrs. Julia K. Pierson. The event was one of special pleasure.

Mr. and Mrs. Lee Mason entertained at her home Sunday for a number of relatives and friends. The day was enjoyable spent. Among those present were Mr. and Mrs. James Black and son Ray, Mr. and Mrs. Charles Young and sons, Walter Earl and Herald; Mr. and Mrs. William Phillips, Mrs. Clarke and son of Chapin; Mr. and Mrs. Fred Rudisill of Arcadia; Mr. and Mrs. Pevey and children.

A merry company of young people were entertained Monday evening by Mr. and Mrs. Edward Gallagher of Arcadia in honor of their granddaughter, Miss Myrtle Wellbourne of Misela, Colo. A number of interesting guessing contests had been prepared for the occasion as well as several games. The Gallagher house was artistically decorated with gold and red and autumn leaves. Those present were Misses Lena and Hazel Megginson, of Woodson, Sadie and Edna Osborne, Lella Galloway, May Wild and Edna Cook, all of Murrayville; Iva Hart of Modesto; Leta

"SYRUP OF FIGS" FOR CONSTIPATED CHILD

Delicious "FruitLaxative" can't harm
Tender Little Stomach, Liver and
Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "FruitLaxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here; so don't be fooled. Get the genuine, made by "California Fig Company." (adv.)

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored
Mrs. LeClear's Health—
Her Own Statement.

Detroit, Mich. — "I am glad to discover a remedy that relieves me from my suffering and pains. For two years I suffered bearing down pains and got all run down. I was under a nervous strain and could not sleep at night. I went to doctors here in the city but they did not do me any good."

"Seeing Lydia E. Pinkham's Vegetable Compound advertised, I tried it. My health improved wonderfully and I am now quite well again. No woman suffering from female ills will regret if she takes this medicine." — Mrs. JAMES G. LECLEAR, 336 Hunt St., Detroit, Mich.

Another Case.

Philadelphia, Pa. — "Lydia E. Pinkham's Vegetable Compound is all you claim it to be. About two or three days before my periods I would get bad backaches, then pains in right and left sides, and my head would ache. I called the doctor and he said I had organic inflammation. I went to him for a while but did not get well so I took Lydia E. Pinkham's Vegetable Compound. After taking two bottles I was relieved and finally my troubles left me. I married and have two little girls. I have had no return of the old troubles." — Mrs. CHAS. BOELL, 2650 S. Chadwick St., Phila., Pa.

ENTERTAINED AT DINNER

Mr. and Mrs. George F. Coulson, west of the city entertained for dinner Sunday, Mr. and Mrs. Wiley and family.

AMERICAN BANKERS WILL MEET IN BOSTON THIS WEEK

Thirty-ninth Annual Convention Will Bring Together Financiers From All Parts of the Country.

Boston, Oct. 6.—Five thousand bankers, representatives of all classes of financial institutions and all sections of the United States, will assemble in Boston this week for the 39th annual convention of the American Bankers' association. The majority of the delegates are already on the scene, and it is evident from their conversation in the hotel corridors that the liveliest session since the memorable one of 1886 is expected.

The administration currency bill now before the senate banking committee will naturally be the leading topic of discussion at the convention. Today a conference of representative "small" bankers of the west and south was held at the Copley-Plaza hotel to consider the currency measure and its probable effects on banking business generally and particularly the business of the small banks and the general welfare of rural communities. Later in the week the currency bill will be taken up at the sessions of the convention proper, when the representatives of 14,000 banks will be given an opportunity to express their views on the measure and to vote for a united stand regarding its desirable and undesirable features.

A number of speakers of national prominence will participate not only in the sessions of the convention proper, which will be held on Wednesday and Thursday, but also in the meetings of the several sections tomorrow. Congressman McCall of Massachusetts, and Roberts Walker of New York city will speak before the meeting of the trust company section. William J. Burns, the noted detective, will address the savings bank section. Other well known speakers will be heard at the meetings of the state secretaries' association and the clearing house section.

Mayor Fitzgerald and President Beal of the Boston clearing house will welcome the visiting bankers at the opening session of the convention proper Wednesday morning in Symphony hall. Charles H. Huttig of St. Louis, who was president of the association, died last July, so the honor of presiding over the convention will come to First Vice President Arthur Reynolds of Des Moines. Mr. Reynolds will make a brief response to the addresses of welcome and will deliver his annual address. The remainder of the initial session will be devoted to the annual reports of officers and standing committees.

At the session Thursday morning the report of the committee on cultural development and education will be taken up. James J. Hill of St. Paul will deliver an address on "Agriculture in the United States," and Dr. George Vincent, president of the University of Minnesota, will follow with an address on "The Tendency Toward Practical Education." Sam Jordan of Pettis county, Mo., will close the symposium on agriculture with an address in "The County Agent." In the afternoon unfinished business and the regular routine business of the convention will be carried through.

The local committee of bankers has made elaborate preparations for the comfort, convenience and entertainment of the delegates and guests. The program includes the placing of 100 automobiles at the disposal of the visitors throughout the convention; a water carnival on the "harbor basin;" a reception and luncheon in the Horticultural hall; historical meetings in Faneuil hall, the Old North church, the Old South Meeting house and the Old South church; a special concert by the Boston Symphony orchestra, and a full day of entertainment in Boston harbor and at Nantasket beach.

The membership of the American Bankers' association embraces practically the entire financial fraternity of the United States. It was formed at Saratoga in 1875 at a convention at which 32 states were represented by 349 delegates. Its growth has been steady and at times very rapid. The total membership today, including nearly 15,000 national, state and savings banks and trust companies and private banking houses.

In addition to Vice President Reynolds, the principal officers of the association are Fred E. Farnsworth, New York city, general secretary; F. Fletcher Farrell, Chicago, treasurer, and Thos. J. Davis of Cincinnati, chairman of the executive council. The presidents of the several sections are William C. Poillon, New York city, trust company section; R. C. Stephenson, South Bend, Ind., savings bank section; Ralph Van Vechten, Chicago, clearing house section, and W. C. McFarren, North Dakota, state secretaries' section.

COURT APPOINTS RECEIVER

Waterloo, Iowa, Oct. 6.—Upon application of F. W. Powers, trustee for the bond holders, Judge Mullin today appointed Ira J. Hoover receiver of the Mason Motor company. The amount of bonds outstanding and due is \$100,000 and in the petition, plaintiff demands judgment in that amount, together with interest of \$26,000 due since July 1, 1913, and \$64,000 due since January 1, 1912.

ROBERT HUGHETT DIES.

New York, Oct. 6.—Robert Hughett, art objects of note pertaining to portrait collections of Lincoln, died today at the age of 72 years at his home at Ardsley-on-Hudson. As a youth he began collecting books and art objects of note pertaining to Abraham Lincoln. His collection is now at the Metropolitan Museum.

WOODRUFF'S CONDITION

New York, Oct. 6.—Timothy L. Woodruff, who was stricken at the Fulton notification meeting a week ago with what was declared to be paralysis, suffered a relapse Sunday afternoon and was said to be in more serious condition tonight, when he was revived after being in a state of coma for thirty hours.

DRAWN LESSONS FROM STORY OF PRODIGAL SON

Dr. Rees Speaks on Subject, "A Fast Young Man"—Sunday Great Day for Meeting.

The Prodigal Son, with his many trials and his final determination to return to his father, was the theme Monday evening of a strong address by Dr. Rees to the young men of the city entitled "The Fast Young Man." He enumerated the causes of the downfall of young men and showed how by conviction, confession and conversion, each and every prodigal may be brought back to the Father. Before the sermon by Dr. Rees short talks were made by laymen of the participating churches, Carl H. Weber, Judge M. T. Layman and Jesse R. Hastings of this city, a representative of the American Sunday school union. The Rev. E. P. Hovek offered the opening prayer and the Rev. R. O. Post lead the reading of scripture. After the close of the meeting in the tent a prayer service was held on the lower floor of Northminster church.

At 3 o'clock this afternoon Dr. Rees will speak to young women on "A Grandmother's Talk to Young Women, or a Young Woman at Her Best." This service in Northminster church will be followed by a children's meeting in the tent. "Sold Out," is the subject announced for the sermon in the tent this evening.

The Story of the Prodigal. The speaker repeated the old story of the Prodigal Son and then pointed out the masterpieces of literature, making his hearers see the value of applying its teachings to present day life. As he pictured the Prodigal and his discontent with the conditions in the home; his wanderings into a far country; his experiences in sin; his poverty and remorse; his "return to himself;" his resolution to arise and return to his father's house, many of the audience were deeply stirred. The presentation was dramatic at times, but the speaker in a dignified manner emphasized the love of the Father and His willingness to pardon and restore. The sermon was a penetrating analysis of the causes and the results of a misguided life. Dr. Rees stated that he discovered three degrees in the life of a fast young man. First, sinful desire, regarded by too many people with indifference. Sinful desire is the acorn of the oak of a sinful life. It's the seed that produces the harvest of tares. It may come from within our own sinful nature; from pictures we see; from the books we read, or our associations. The second degree is going away. The parable states "not many days after the prodigal son gathered all together and took his journey into a far country." One of the pathetic conditions is the going away of the young man. About 75 per cent of them seldom enter the church; 12 per cent are regular patrons of the saloon. Out of 183 criminals 162 were young men; out of 53 murderers, 42 were young.

The third degree is wasting substance. It is easy to waste, doesn't require genius, scholarship or ability in any direction to waste character, money or beauty. The difference is the parable is that the dual sin is the quickest way to exhaust the body, debauch the mind and ruin the soul. It is a through ticket to perdition with few stop over privileges. Then the evangelist showed how the prodigal son may be brought to the Father. His first step homeward is conviction. A man who is living in sin is not himself. He has lost control of self. He must come to himself before he can return to God. The second step is confession. Confession is the expression of conviction. Many a man falls because he has not the courage of his conviction. The third step is conversion. Not only did the prodigal resolve but he arose and started homeward.

The Meetings Sunday.

The services Sunday were better attended and fuller of interest than any so far in the course of the revival. Almost fifteen hundred men listened Sunday afternoon to a discussion by Dr. Rees on the worldliness and sinfulness of the professing christian and its effect on the unsaved. The subject of his address was "Reasons Why Men Are Not Christians."

Sunday night the tent was filled to overflowing when the evangelist drawing his text from the story of the "weeping prophet," Jeremiah, spoke on the subject, "In a Dungeon." A praiseworthy feature of the preliminary service was the excellent work done by the volunteer orchestra and the violin solo by Miss Minnie Hoffman. An enthusiastic after-meeting in Northminster church concluded the services Sunday.

AT THE GRAND.

"Along Broadway" opened at the Grand last night for a three days' engagement and many a show has been given in Jacksonville at prices from \$1.50 down, which have not surpassed this attraction. There are twenty people in the company and the bill presented is clean, bright and clever. The musical numbers are excellent and in addition there are some splendid specialties. Will Mantion, who essays the part of a constantly inebriated lord, was exceedingly well received. Ingalls, Duffield and Ingalls gave an especially pleasing song and dance act and the Madison sisters also appeared to advantage. Miss Louise Hoeger is one of the most delightful soloists of the company and the simple ballad she sang in the second act was enthusiastically received. Miss Margaret Calvert plays the violin with artistic grace and when she sang a duet with the audience recalled her three times. Others in the cast also deserved mention and the whole production was well received.

CASHIER CHARGED

WITH EMBEZZLEMENT.

Kansas City, Mo., Oct. 6.—William O. Lucas, formerly cashier of the Kansas City branch of the Cudahy Packing company, was charged with embezzlement in a state warrant this afternoon. Lucas was arrested and held for investigation. An eastern surety company which bonded Lucas estimated that a shortage of \$26,000 will be shown when the auditing of the Cudahy books is completed. Lucas had been with the company twenty years. He is widely known in sporting circles and was a member of the American Bowling congress.

"GETS-IT", Nothing Like It for Corns

Easy As One, Two, Three! No Fuss, No Pain, by Using "GETS-IT".

Just take two seconds to put a little "GETS-IT" on that corn. That corn is "done for" as sure as the sun rises. The corn shrivels up, vanishes. That's

the surprise you get by using this new plan corn cure. There's nothing to stick to the stocking or sock; your corn pains stop. You're saved the bother of applying plasters that make the corn bulge out from the core. You're saved saives that eat into the healthy flesh and "pull" no more fussing with bandages. You don't have to help by picking and dragging out your corns, or cutting with knives or razors. "GETS-IT" is safe, painless, stops pain, never hurts healthy flesh. It is guaranteed. Try it on warts, calluses and bunions, too.

"GETS-IT" is sold at all druggists' at 25 cents a bottle, or sent direct by E. Leineweber & Co., Chicago. Sold in Jacksonville by Armstrong's drug store and J. A. Obermeyer.

NATIONAL BISCUIT COMPANY

Poisoned Blood Quickly Cleansed
In Any Form of Blood Trouble the Cure is Rapid.

An astonishing record of serious blood poisoning is daily brought to our attention. And most of these startling calamities could be averted were the blood primed, toned and purified in advance by that wonderful remedy known everywhere as S. S. S. Few people realize how quickly the system becomes infected with the acids and ferments from undigested food, constipation and inactive kidneys. The symptoms are fever, thirst, excitability, dry skin followed by rash, and many indications wrongly diagnosed as stomach poisoning. This condition is almost universal in all climates and is quickly overcome by the action of S. S. S. The medicinal properties of S. S. S. are relatively just as essential to well balanced health as are the nutritive properties of the meats, grains, fats and sugars of our daily food. And if you will bear this fact in mind and get your blood under the dominating influence of S. S. S. you will not only drive out those impurities that cause Rheumatism, Catarrh, Eczema, Pimples, Boils and thin anemic blood, but you will feel anew the thrill of health that can come only from a purified blood stream. Do not accept anything else in place of S. S. S. pay no attention to the "Just as Good" claims of those who would sacrifice your health to make an extra profit. S. S. S. contains no minerals, no crude drugs, nothing but the most beneficial botanical materials. So be sure and get S. S. S. and avoid disappointment. Get a bottle today and write for free advice to The Swift Specific Co., 222 Swift Bldg., Atlanta, Ga.

THE CITY COUNCIL

DECIDES TO WAIT ANOTHER WEEK BEFORE CONSIDERING THE LIGHT BOND ISSUE.

People Who Have Been Told to Construct Sidewalks Must Do so and at Once Say the Fathers—Big Water Rent Receipts—Bids for Power Pump Opened—Lots of Sharp Talk and Some Business Done.

The city council met in regular session yesterday morning with all members present. Lee Deatherage was appointed patrolman. The petition of C. C. Carter to construct a sewer on Richards street and tap a city sewer was referred to the local improvement board. Dr. King and Dr. Brown were informed that they couldn't wait till spring to construct the sidewalks ordered in front of their property. The vehicle ordinance was read and laid over under the rules. The real spice of the proceedings came when the light bond ordinance was brought up. Commissioner Newman said they better wait for the people were with him. Commissioner Knollenberg was opposed to waiting, but the mayor gave the casting vote to wait. Commissioner Newman said Engineer Toensman at the water works told him the plant was 24 hours a day, but the man had no idea he was saying anything which Commissioner Brennan wouldn't want said. Bids for the pump and motor were opened and referred.

The Proceedings.

The council met in regular session with all members present. Mayor George W. Davis in the chair.

The minutes of the last regular meeting were read and approved.

The payroll was ordered paid as soon as funds for the purpose are available.

Commissioner Knollenberg said the July payroll was discharged, except the salaries of the council.

Commissioner Engel reported the appointment of Lee Deatherage as patrolman. Confirmed on motion of Commissioner Brennan.

Commissioner Newman—There has been a petition from a number of ladies that the law regarding the exclusion of minors from poolrooms be enforced and I want to know if it has been done.

Com. Engel—I have ordered the chief of police to do it.

Com. Newman—Will he do it?

Com. Engel—He will.

Com. Newman—Should he fail what will be the consequences?

Com. Engel—I have heard no complaints; he will do what he is ordered to do.

Com. Newman—If his hands are not tied.

Com. Engel—I do not know who will tie his hands.

Com. Newman—You know if you tell him to enforce the ordinance or his head will come off.

Com. Engel—I know it.

Com. Newman—That's all.

Com. Newman said Charles Carter, residing on Richards street, wanted to construct a sewer and wanted to know if he could tap the West street sewer without cost. The gentleman thought if he constructed a sewer with a manhole at the dead end he would be permitted to tap the West street sewer without expense.

The mayor suggested that it would be better to tap the South Main street sewer, as it was nearer and that would not entail tearing up a good pavement. The mayor also wanted to know if he would make one large enough for all the residents along the line. Com. Newman said it would have to be ten inches if he had anything to do with it.

The mayor thought if Mr. Carter constructed the sewer he would have to pay for tapping a city sewer, according to law.

Com. Newman said the gentleman was anxious to have general consent and avoid court costs.

Referred to the board of local improvement with power to act.

Com. Newman said one man on South Prairie street had refused to construct a walk, according to ordinance. Also on West State street Dr. King and Dr. Brown wanted to wait till spring before going on with theirs. The mayor said the walks were especially wanted in the winter.

Com. Newman—It's up to the council.

Com. Knollenberg—Not at all. The ordinance says build those walks.

Com. Newman—So be it.

Com. Brennan asked for more time in the matter of bids for a steam boiler.

The mayor asked what progress in bids for power lines to water works.

Com. Knollenberg said they were waiting for some bids on underground cables.

Commissioner Brennan said they were unable to get constant power from the street railway company.

Com. Newman thought it could be done.

Com. Brennan—I wish then you would do it.

Com. Newman—I have been misinformed the people regarding the quality of the water we are supplying the city. I have told them it is pure spring water and now I understand the water from the lake has been also pumped.

Com. Brennan that is only recently and there has been announcement from the council as to the quality of the water.

Com. Newman—I am told that the pumps at the works are being run 24 hours a day.

Com. Brennan—That is incorrect. Who was your informant?

Com. Newman—I don't like to tell as he was an employee.

Com. Brennan—I have a right to know.

Com. Newman—It was one of the engineers. Will you discharge him?

Com. Brennan—That is my business.

Com. Newman—That is my business.

Com. Brennan—That is my business.

Com. Newman—That is my business.

Com. Brennan—That is my business.

Com. Newman—That is my business.

Com. Brennan—That is my business.

Com. Newman—That is my business.

Com. Brennan—That is my business.

Com. Newman—That is my business.

Com. Brennan—That is my business.

Mr. Doying, editor of the Courier, presented a petition for permission to erect in Central park a bulletin board and run wires to the back of it, so as to report the results of the world's series of baseball games. Granted.

The question of the traffic ordinance was read.

Com. Newman wanted to know which should have the right of way at the crossing of State and Main streets in the congested district; those going north and south or those going east and west. It was not deemed best to specify.

The light bond ordinance was brought up.

Com. Newman said he wanted the ordinance laid over for a while as he had some suggestions which he was certain would be valuable.

Com. Knollenberg said he thought they had waited long enough.

Com. Engel said Com. Brennan had much desired to have this matter put through and felt it should be.

Com. Brennan—Will any one help you.

Com. Knollenberg—Will Mr. Miser help you.

Com. Newman—If you go on with this ordinance as it is you will make a great mistake and will surely be beaten.

The mayor—You don't know how I would vote on the proposition.

Com. Newman—I know I am one to you four.

The mayor—That is certainly not a just statement.

Com. Engel—I feel like favoring Mr. Brennan.

Com. Newman—I am certain the people are with me.

Com. Knollenberg—If you are going to Mr. Miser I object.

Com. Brennan—This is getting monotonous. Everything I do you object to. I want the people to have lights. I have offered to trade departments with you and to do all I can to help things along.

Com. Newman—I think you are a better man for the place than I am.

Com. Brennan—I want your reasons for delay.

Com. Newman—I am not ready to give my reasons, but am sure it is worth while to wait.

Com. Knollenberg—I move we proceed with consideration of the ordinance. No second.

Com. Brennan—If we wait this time will it be final.

Com. Newman—It will.

Com. Brennan—Will it eliminate the city plant?

Com. Newman—Partly yes and partly no.

Com. Engel—I move that the ordinance lie over till next meeting. Com. Newman seconded.

The vote stood: Brennan and Knollenberg, no; Engel and Newman, aye.

The mayor—If this is really for the benefit of the people I favor it.

Com. Newman—It certainly is.

The mayor—Then I vote yest.

An ordinance for a walk on the north side of Grove street between Diamond and Park streets was read and laid over.

Bids for the new pump and motor were then opened and read. They were as follows:

J. H. McDonald & Co., Cincinnati, \$2,350; H. R. Worthington Co., St. Louis, \$2,420; Henley & Hubbell, Chicago, \$2,389; Platt Iron Works, Dayton, Ohio, \$2,535; Western Electric Co., Chicago, \$2,750; Reeves & Skinner, St. Louis, \$2,385.

Several more were sent in but not being accompanied by the certified check, demanded they were not opened.

They were all referred to Commissioner Brennan to investigate and report.

Adjourned.

Officers' Reports.

Mr. Cobb, water superintendent, reported collections for September:

Water rent \$2,550.26

Meters sold 10.00

Meters repaired 15.26

Totals \$2,575.52

Com. Brennan said the C. P. & St. L. bill belonged virtually in the report and one or two others which would have swelled the total to more than \$3,000, the largest of any month since he had been in office.

Dr. A. M. King, health warden, reported for September:

Deaths in the city 9

Deaths outside city 1

At insane hospital 15

Total 25

George P. Davis, chief of police, reported for September:

Arrests—

Disorderly 14

Keeping disorderly house 3

Assault 3

Drunk 5

Sundry causes 5

Total 30

Collections \$363.90

John M. Coons, justice peace, reported for September twenty-three cases:

Fines \$154.50

City costs 23.20

J. P. costs 48.40

Total \$226.10

W. T. Dyer, J. P. reported eight cases:

Fines \$105.00

City costs 6.60

J. P. costs 14.20

Total \$125.80

Miss Emma Weller, police matron, reported. Seven boys and ten girls had been reported delinquent. One girl sent to Geneva and application for two more. All cases received attention.

Diamond Grove cemetery, five graves dug and \$19.00 received.

Jacksonville cemetery, five graves and receipts, \$40.50.

The city clerk reported, receipts, \$643.50.

Poll tax was \$355.50.

Wheel tax, \$78.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time It!—"Pape's Diapepsin" Makes Your Upset, Bloating Stomach Feel Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that is what makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul, tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

ABLE CATCHERS IN WORLD'S SERIES

Backstops More Important Than Generally Believed.

HOLD DOWN BASE STEALING

Figures Show Good Work of Connie Mack's Receivers—Meyers and McLean of Giants Two of Best Men in Their Branch of the National Game.

In the midst of all the talk about the superior value of good pitchers to a ball team in a world's series and of the crowning merits of \$100,000 in funds, one should not overlook the importance of catching staffs and their influence on the game.

A good, heady catcher is one of the best assets a team can have in a se-

Photos by American Press Association.

LARRY McLEAN, CHIEF MEYERS.

ries of battles that will determine a world's championship. The backstop has all the players constantly in view and can frequently save a situation in an emergency that otherwise would prove a severe setback to his team.

The catchers of the New York Nationals are a splendid brace to the team. "Big Chief" Meyers and Larry McLean are not only reliable receivers, but they are strong at the bat as well. Owing to an injury to Meyers, requiring that he should not be worked too hard before the world's series, Manager McGraw made a deal with the St. Louis Cardinals for the big muscular McLean.

Both the giants and the Athletics have been facing the certainty of difficulty in stealing bases in the world's series, owing to the throwing qualities of the rival catchers. Mack has Schang, Lapp and Ira Thomas, but the latter, formerly with the New York Americans, does not get into the game very frequently.

When the Athletics and the Giants engaged in their struggle for the highest honors in balldom two years ago experts with a leaning toward the National league expressed the opinion that John J. McGraw's band of fleet footed young men would make life miserable for Connie Mack's receivers, the prevalent belief being that neither J. Ira Thomas or John W. Lapp could keep the Manhattanites from flogging hassocks in great numbers. When the series was over eminent statisticians, pondering over the dope, found that McGraw's able athletes had succeeded in pinching just four hassocks in a six game series and that nine of the players who represented the senior organization had been turned back when they set forth on thieving expeditions.

J. Ira, who is going, is not the peevish he once was, but Lapp's arm seems to be just as powerful and as accurate as it ever was, and as for Schang, he is one of the finest little sharpshooters ever in fast company.

Last winter, in an effort to find out just what catchers were the most successful in thwarting steals, Ernest J. Loughran, a sporting writer, got up figures that showed the number of men who had been pegged out and the men who pegged them out. That batch of statistics showed that Lapp, Egan and Thomas had frustrated 179 thieving expeditions, which was as many as any other set of receivers in the American league had frustrated.

In only four games this year have the Athletics' opponents been able to garner more than four steals, which is more proof that there is nothing wrong with C. Mack's windmills. And in the four games where the opposition ran wild on the paths the men on the rubber were kiddies. You don't find a team stealing five bases in a game with the Athletics when Edward Plank, Albert Bender or Carroll Brown is in charge of the flinging department, these three men being expert at making runners stick close to their bags.

CURTAIN RISES ON WORLD'S SERIES TODAY

FINAL ACT OF 1913 BASEBALL DRAMA OPENS IN NEW YORK.

Weather Man Predicts "Unsettled Conditions"—New York Speculators Asking Fabulous Sums for Reserved Seat Tickets to the Polo Grounds.

New York, Oct. 6.—The stage is set and tomorrow the curtain will rise on the final act of the 1913 baseball drama. Behind the scenes the Philadelphia Athletics and the New York Giants are at their stations ready for the cue that will send them into the limelight of the world's series.

Spectators from all parts of the United States are ready for the rush on the Polo grounds and only the menace of the weather man stands between thousands of fans and the fulfillment of their expectations.

"Unsettled conditions" was his dubious prediction for tomorrow.

Whether the weather forecaster be right or wrong, the fact remains that "unsettled conditions" is the keynote to the whole situation on the eve of the playing of the initial contest of the series which will evolve the baseball championship of the universe. Players, fans and prophets are all in the same boat. Of opinions and forecasts there are no end, but each is fringed with strings of "ifs" and "buts" until the seeker for advice becomes bewildered by the maze of counter-information. Viewed from any angle the series promises to show great baseball with the luck and breaks of the game playing a part of more than usual importance.

Neither Venture a Prediction.

Neither managers nor players will venture a straight prediction as to the result of either the first game or of the series and their doubt as to the outcome is reflected by the wagering. The Athletics' supporters in Philadelphia are offering 19 to 9 on Connie Mack's team, while the New York club supporters are willing to lay similar odds when playing at home.

Professional bookmakers and men of their type, accustomed to figure a betting proposition in a manner which gives them the edge, offer 9 to 10 with the better making his own choice as to the probable winner. So far as actual wagering is concerned there has been less betting than usual.

The uncertainty of the ultimate outcome and the apparent evenness in playing strength of the contending clubs furnished unlimited material for argument. The supporters of Mathewson and Marquard advanced a score of reasons why Manager McGraw should start their favorite against the Athletics and the fans from Philadelphia smiled and gently inserted into the argument a mention of J. Franklin Baker and what his trusty home run bat did during the series of 1911.

Both Playing Waiting Game.

The members of the New York club retired to their homes several hours before midnight. The entire Philadelphia club, accompanied by a number of routers arrived here tonight and retired at once to an up-town hotel. Little information regarding the plan of campaign was forthcoming and apparently both Connie Mack and John McGraw were playing a waiting game so far as final plans and line-ups were concerned. Despite the plans and protestations of the New York National club officers, the New York ticket speculator proved his right to the title of "king of his craft." Although there were but 8,000 reserved seats sold by the club to a selected list of patrons, a certain percentage of the coupons quickly found their way into the hands of the ticket vendors who offered them at prices many times their face value. Because of the fact that 8,000 of the 38,000 seats were dispersed of in the advance sale, the opportunities for speculators to secure tickets were not as great as in the past. Consequently those that were available commanded almost fabulous prices. Seats for the three New York games were offered at prices ranging from \$50 to \$100, according to location. Single seats for the opening game were quoted at \$30 each and found ready purchasers even at three times their original price. James E. McGraw, president and owner of the Boston National League club, was one of the first to interview the speculators. Gafney applied to the New York club for forty-six seats, as was his privilege as a club owner and member of the select list. He stated that the local club officials told him that none was available. Gafney thereupon went on the street and purchased sixteen tickets for \$800. With these as evidence he went before the national commission and explained the situation. In a statement given out later the commission said that the New York club officers knew the original holders of the seats, but were not ready to make the names public. Blocks of seats were sold to city officials and it was reported that those which Gafney bought were thought to be from such source.

Enthusiastic Fans "Dig Up."

Baseball enthusiasts who had made journeys of thousands of miles in order to be present at the opening of the series were not influenced by the remarks of the national commission and continued their hunt for a speculator who would exchange a coupon for any sum within reason or even a little beyond it. Two thirty-

third degree "fans" from Alaska offered \$50 for a set of three tickets, but continued the search when the tender demanded \$100 and refused to dicker. A trio of Texas enthusiasts paid \$75 for three seats for the opening game.

The national commission appeared to be more interested in the cases of the players who were supposed to write sport series on the world's series than of the activities of the speculators. After a meeting to consider this and other features of the series, Garry Herrmann said that the commission had not changed its opinion as announced in Cincinnati some days ago and then announced this ruling:

"The commission has carefully considered the matter and has decided that it will penalize any player who disobeys the commission's ruling unless there are extenuating circumstances."

"If a ball player has a contract to write and if this contract was executed before the commission took its action on Sept. 17, will consider that an extenuating circumstance."

This ruling Mr. Herrmann said applied to all players and managers in post-season, inter-league series and added:

"After this year no ball player or manager will be given permission to sign a contract."

Modify Decision.

It took the national commission only about 15 minutes to modify its decision regarding the player-writers. After this action Umpires Klem, Rigler, Connolly and Egan were called in and given final instructions as were also the official scorers. Joseph S. Jackson of Detroit, president of the Baseball Writers' National association, was chosen as a third scorer to sit with the regular officials. In case a difference of opinion arises over some point in the scoring rules a majority vote of the three will decide the question. The umpires were instructed to follow American league rules in Philadelphia and National league rules in New York. These rules differ in two instances. In the National league on an infield fly players may stand from the base and in case the fly is dropped they can go down to the next base at their own peril without first returning to the base and touching it. In the American league base runners must return to the base and must not leave it until the ball is caught or strikes the ground or play on balks. In the National league if a pitcher drops a ball while in the act of pitching it must be called a balk and all base runners advance one base. If there is a man on third he is permitted to score. In the American it is not a balk.

Umpire Klem probably will be behind the plate tomorrow, Umpire Connolly calling balls and strikes in the opening game in Philadelphia.

The Giant battery for the initial contest, according to the best information obtainable, will be Mathewson or Marquard and Meyers. The Athletics are expected to place Bender and either Thomas or Schang behind the bat.

The Probable Line-up.

The line-up aside from the batteries is also more or less in doubt. Either Shafer or Herzog may play third for the Giants, although the general belief is that McGraw will send Herzog to the third sack just before the first Athletic player steps to bat. This seems the more likely because it is considered improbable that Snodgrass will be able to start the series, thus practically forcing McGraw to play Shafer in center field.

Some uncertainty also exists regarding the occupant of center field for the Athletics tomorrow. If the Giants send a left handed twirler to the pitcher's box it is almost a surety that Mack will use Walsh in center, as Strunk is known as a weak batter against a southpaw. Taking everything into consideration the most probable line-up for the first game of the world series will be as follows:

Philadelphia. New York.

E. Murphy, rf. Herzog, 3b.

Oldring, lf. Doyle, 2b.

Collins, 2b. Fletcher, ss.

Baker, 3b. Burns, lf.

McInnis, 1b. Shafer, cf.

Strunk, c. Murray, rf.

Barry, ss. Meyers, c.

Thomas, c. Merkle, 1b.

Bender, p. Mathewson, p.

GIANTS AND PHILLIES SET NEW TIME RECORD

PLAY FULL GAME IN THIRTY-ONE MINUTES.

Champions Bunch Hits in Fifth and Cinch Contest—Philadelphia is Allowed Only Three Hits—Thorpe is Batting Star.

New York, Oct. 6.—In an exhibition game here this afternoon the Champion Giants and the Philadelphia Nationals set a new record for speed for a full game between major league teams, the time being thirty-one minutes. The Giants won 4 to 1.

GREAT WESTERN OPENS AT SPRINGFIELD FAIR

OUR COLONEL WINS THIRD RACE OF OPENING DAY.

Buffalo Horse Wins 2:07 Pace After Finishing Sixth in the First Heat—Winner of First Heat Falls Back Until He Is Distanced in the Fourth—At Lexington Peter Volo and Uhlman Smash World's Records.

Springfield, Ill., Oct. 6.—The climb of Our Colonel, owned by J. B. Jones of Buffalo, N. Y., from sixth place in the first heat to first money in the 2:07 pace featured the opening day of the Great Western races here today. Harsey, the Ghost, owned by Harris Jones of Rushville, Ind., suffered a no less spectacular fall. He won the first heat, but went steadily back until he was distanced in the fourth.

2:24 pace; purse, \$1,500.

Pay Richmond, won; Bourbon, second; Adey E., third. Best time, 2:08 3/4.

Three year old trot; purse, \$1,000.

Pine Knot, won; Wilkes, second; Colonel Cochran, third. Best time, 2:14 3/4.

2:30 pace; purse, \$2,000. Our Colonel, first; King Dalphine, second; Dr. Burns, third. Best time, 2:07 3/4.

Two World's Records Broken.

Lexington, Ky., Oct. 6.—The world's record for two year old trotters was broken today, when Peter Volo won the future for two year old trotters, making the second mile in 2:04 1/2. The previous record was 2:06 1/4. The fractional time was: 31 3/4 1:02 1/2 1:33 and 2:04 1/2.

Uhlman, C. K. G. Billings' champion trotter, lowered the world's mark for a quarter mile by going the distance in twenty-seven seconds. Peter Volo won in straight heats.

Second money went to Lady Wanelta.

These were the features of the opening day of the Grand Circuit meeting. Summaries:

The Walnut Hall cup for 2:12 class trotters; 3 in 5; purse, \$3,000; eight starters.

Fan Patch, bm, by Joe Pathen (Snow) 3 2 1 1 1
Bright Axworthy 1 1 6 3 4
Marigold 4 4 2 2 2

Best time—2:08.

2:10 class trot, 3 in 5; purse, \$1,000; 13 starters.

Bon Zollock, bg, by Zollock (Garri-son) 12 11 1 1 1
Marta Bellini 1 1 10 4 2
Major Wellington 9 2 2 6 4

Best time—2:06 3/4.

The Futurity for two year old trotters; value, \$5,000; special not to exceed four heats; five starters.

Peter Volo, br c, by Peter the Great (Murphy) 1
Lady Wanelta 2 2
Princess Nelda 3 dis

Best time—2:04 1/2.

2:15 class pacing; 2 in 3; purse, \$1,000; five starters.

Great Scott, br g, by Sanmato (Snow) 1
Wetzel 2
Wood Cliffe King 4 5

Best time—2:06 1/2.

London fight promoters have been "feeling out" the British sports in regard to hooking up Jack Johnston with some of Albion's white hopes, and have been turned down cold. The clubs then arranged to match the champion with Sam Langford, Sam McVey, Joe Jeannette or some other handy colored boxer, and the managers were given to understand in short terms by the sports and by the authorities that Jack's presence in the squared circle would not be tolerated. The big spade is chafing under his annihilation. He is not wanted across the pond as a theatrical attraction, and it is said he is close to a bankrupt financially.

Frank Klaus will not be shut-out of the boxing clubs in Wisconsin for his foul tactics in the McGorty bout. The state boxing commission has decided to let him off with a reprimand because of his ignorance of the state law and the Pittsburgh bearcat has promised in the future to keep well within the limits of the rules and the commonwealth's law.

Mrs. Louis Benz has decided she will withdraw her objections to her daughter, Charlotte, marrying Texas Russell. Mrs. Benz has realized that Miss Charlotte has passed the three-times seven mark and is eligible to vote—in Illinois.

That government penitentiary at Atlanta, Ga., if newspaper reports be true, must be a paradise for the high-brow crooks, bank wreckers and absconders, as well as the makers and "shovers" of the "Koniker" money. The warden has arranged to have the results of the world series displayed play by play in the dining room of the institution.

In the last official batting averages Philadelphia has four men in the 300 class: Collins, 340; Baker, 329; McInnes, 321; and D. Murphy, 315. New York has but one 300 hitter—Meyers, whose percentage is .305.

FESTIVITIES AT ST. LOUIS. St. Louis, Oct. 6.—Thousands of visitors are arriving in St. Louis for the annual fall carnival. The festivities will be inaugurated tomorrow night with the Velled Prophet's pageant and ball. Additional attractions of the week are the annual automobile show and the big celebration of the centenary of the German war of liberation.

Walsh has been of little use to his club this season on account of a strained ligament in his pitching arm. He visited a surgeon in Youngstown, Ohio, and was assured that he would be "as good as ever." Walsh has worked cautiously since his visit to Youngstown and Friday he told Owner Comiskey that he was able and anxious to face Manager Ever's men. The advance sale of tickets for the initial game has been large and probable batteries in the opening game will be Cheney and Archer for the Nationals and Russell and Schalk for the Americans.

SOME OFF-SIDE CHUTES.

Once more McGraw has changed his mind, according to reports, regarding the White Sox-Giants world tour. The most recent dope is that he has rounded up nine of his Giants to make the trip. The personnel of the so-called White Sox has as yet been unannounced. It is generally understood that the Old Roman has signed up quite a handy squad from the American league teams, including Sam Crawford of Detroit and Eddie Sweeney of the Yankees.

In a barnstorming game in New York Sunday afternoon, the Lincoln Giants, a colored team, walloped the Philadelphia Nationals 9-2. Williams, the colored pitcher, was pitted against Grover C. Alexander, and he made the white man look like a deuce spot. He also drove the pill over the center field fence of the huge Olympic field for the circuit. New York, like Chicago, is well supplied with semi-pro teams which are always ignored in the city championship series, and in both cities among these semi-pros are teams well equipped to give the big leaguers the best kind of an argument, if not a beautiful trouncing, if allowed an opportunity.

McGraw announces that his firing squad is in readiness and in mid-season form for the opening of the big battle today. He has taken the best of care of his pitching staff all season and has not allowed them to be overworked. He also expects Doyle and Snodgrass to be in shape to go through the series, but in case their recent injuries show in their work, he is well fortified in relief men. Connie Mack is saying nothing for publication.

Bris (Broscow) Lord, former heavy hitting outfielder of the Athletics and this season with the Boston Braves, has been given his unconditional release by Manager Stallings and next year will manage the Mobile club of the Southern association.

Old Eli made a sorry showing in the game against Maine at New Haven Saturday afternoon. Tom Shevlin's much touted Minnesota wing shifts were freely employed by Yale and were checked completely by Maine. Harvard, upon the previous Saturday, had a clear walkover against Maine, 34-0. Through this line the followers of the crimson see nothing but an easy task ahead of them when they tackle the blue.

FOR FIFTEEN DAYS ONLY See the wonderful showing of Fall and Winter Footwear.

Ladies' Shoes—\$3.00, \$3.50 and \$4.00 shoes at \$2.00, \$2.50 and \$3. Men's Shoes—\$3.50 to \$5.00 shoes, all leathers, at \$2.50 and \$3.00.

CUBS AND SOX WILL PLAY FIRST GAME OF CITY SERIES TODAY

Cheney and Archer and Russell and Schalk Will be Opposing Batteries in Initial Contest.

Chicago, Oct. 6.—The first game to decide the baseball champion of the city of Chicago will be played here tomorrow, starting at 2 o'clock, between the Chicago teams of the American and National leagues.

President Comiskey of the American league club indicated that "B" Ed Walsh, who has been the mainstay of the American leaguers in the previous series between the two rival clubs, would be in condition to participate in the series.

Walsh has been of little use to his club this season on account of a strained ligament in his pitching arm. He visited a surgeon in Youngstown, Ohio, and was assured that he would be "as good as ever." Walsh has worked cautiously since his visit to Youngstown and Friday he told Owner Comiskey that he was able and anxious to face Manager Ever's men. The advance sale of tickets for the initial game has been large and probable batteries in the opening game will be Cheney and Archer for the Nationals and Russell and Schalk for the Americans.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
perseverance, which finally secured for
him a good position.

Public Sale
1500 ACRES SANGAMON COUNTY
FARMS
IN 16 AND 160-ACRE TRACTS
TUESDAY, OCTOBER 21,
AT PUBLIC AUCTION.
In order to close the estate of the
late Charles Ridgely, we will, on the
above date, offer on the premises, at
10 o'clock a. m., the following choice
farms:
The Poley farm of 880 acres, 2½
miles southeast of Auburn (T. 13 N.
R. 6 W., Sec. 26 and 36), with
three sets of good improvements.
The Rawson lands, 474.33 acres,
at and near the village of Lowder (T.
13 N., R. 7 W., Sec. 23 and 25), with
three sets of improvements.
Every acre of this land is in cul-
tivation and has for years been skill-
fully farmed with a view of conserva-
tion of its fertility. Well tilled, well im-
proved, and very choice prime farm
land. Will be offered in such small
lots as it can be advantageously di-
vided into to suit bidders, and in
larger lots.
Terms: Ten per cent of purchase
money in cash to bind the sale. One
half of purchase price may be paid
by note at five years, bearing inter-
est at 5 per cent, secured by mor-
gage. Possession given March 1,
1914.
Conveyance will be furnished from
Thayer, Ill., and lunch served.
Will be glad to furnish further in-
formation or show the land before
the day of sale. Telephone or write
Fred Laddage, Auburn, Ill., who will
arrange to show the land.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

PRONOUNCED PRESSURE BRINGS DOWN STOCKS

PRICES DECLINE RAPIDLY FOR
A TIME.

Trading Was Active During the Fore-
noon When Leading Stocks Were
Hammered Down—Pressure Less
Severe in Latter Part of Day.

(By Associated Press)

New York, Oct. 6.—Pronounced
pressure was applied to the stock
market today and for a time prices
declined rapidly. Professional sell-
ing was on a large scale among the
favorite stocks. Trading was active
during the forenoon and leading
stocks, as well as a large number of
the inactive issues were hammered
down 1 to 2 points. Pressure was
less severe in the latter part of the
day and losses were reduced. Steel
again bore the brunt of the attack
which forced it down 2 points to 56.
A cut of \$1 a ton in steel plates and
sheet steels and expectation of fur-
ther reduction in steel products pro-
moted the bearish sentiment.

The uncertainty as to the effect of
the new tariff schedule not only in
the steel trade but in other indus-
tries, was more of a factor now that
the law is in operation and had a
good deal to do with the reluctance
of traders to reduce sales.

Money conditions were steady.
Call money rose to 5 per cent for
the first time since last April and
quotations for all time loans were
advanced.

**THEY HELP THOSE WITH KID-
NEY TROUBLE.**

The reason why Foley Kidney
Pills are the best medicine for kidney
and bladder troubles and urinary
irregularities is because they are
made wholly of those healing, struc-
ture and restorative ingredients
that nature needs to build up and
renew these important and vital or-
gans. Foley Kidney Pills may not
pay the biggest profits to the dealer
but they do give the highest per-
centage of medical aid to the users. See
that you get Foley Kidney Pills for
your kidney and bladder troubles.
They are tonic in action, quick to
give good results and contain no
harmful drugs. City Drug Store, J.
A. Obermeyer—Adv.

OLD SOLDIERS' DAY AT FAIR.
The attention of all veterans is
called to the fact that Wednesday,
tomorrow, will be old soldiers' day
at the Illinois state fair. The Chi-
cago Tribune erroneously stated that
today would be the date, but it will
be Wednesday.

Get a five cent bottle of this wonderful Eczema Cure today and keep it in the house. We know that D. D. D. will do all that is claimed for it.

ALL STOPPED UP?

Think what is stopping it! Think of the germs and diseased tissues which poison every breath! Here is the life point in the treatment by Kordon's Catarrhal Jelly. It purifies the air as it enters the nose, throat and mouth. Its action is simple, soothing and scientific. No harmful drugs. Guaranteed right and we prove it by a big free sample. 25c and 50c tubes—all druggists or direct.

Kordon Mfg. Co., Minneapolis, Minn.

KORDON'S Catarrhal Jelly

GERMAN INFLUENCES DOMINANT THEME

SPEAKERS ADDRESS BANQUET OF NATIONAL GERMAN-AMERICAN ALLIANCE.

Former Solicitor General Lehman of St. Louis speaks on the German Immigrant as an American Citizen.—Congressman Bartholdt makes Opening Address.

St. Louis, Oct. 6.—The influence of German thought on American civilization was the dominant theme of the speakers who addressed the banquet of the National German-American Alliance here today. Frederick W. Lehmann of St. Louis, former solicitor general of the United States was principal speaker.

His topic was "The German Immigrant as an American Citizen."

"To estimate properly the German immigrant as an American citizen, we must consider that he does not now appear for the first time," said Mr. Lehman, "but for two hundred and thirty years has been a familiar figure at our port and that during this long period, he and his descendants have been absorbed in the citizenship of the country. Our inquiry should be as to the contribution made by this strain of German blood to American life and character."

"During the nineteenth century, as the immigrants greatly increased in number, there was a feeling among some that as the fatherland was doing so much to the peopling and development of the United States, it should have corresponding recognition, and efforts were made to concentrate the German settlers and build up a German state. At different times, Texas, Missouri and Wisconsin were suggested for this purpose, but these efforts came to nothing and the German immigrants, numbering more than five millions during the century, went everywhere and there was no German section, no German state, no German party, but everywhere American citizens as undivided in their loyalty and allegiance as if they were native born."

"Shall we look to the names of our people for the German among them and so find what contributions they have made to our life? Names, no more than localities, will tell the story. Many names may be either English or German as in orthography and pronunciation they are the same. To find the German blood it is essential to go back to the name to the family history. In the muster roll of those who were engaged in the decisive battle of Gettysburg many German names are to be found, but we make cite examples of men upon both sides whose German blood is not disclosed by their names. If we probe the family history, we find that Kuester was the original name of General Custer, the dashing commander of the union cavalry. Upon the confederate side, of the three brigades that made up Pickett's division in the memorable charge of the third day, two were led by men of German blood."

In All Activities.
"Among those immigrants there was no identity of creed. They were of every denomination of the Christian faith. Nor was their nativity marked by their occupation. They went from the beginning into the city and into the country and they engaged in every form of lawful calling. The greater part indeed went into the country and engaged in farming, but this was true of the greater part of all our population until recent years."

"In truth the German immigrant was not a foreign element even upon his first landing. The dominant population he found here, of English nativity or descent, was alike himself Teutonic in origin and so immigrant and native were not altogether strangers to each other, but a kindred people. An the population of Gaelic blood had for centuries been under the same influences of language, law, literature and religion as the English."

"And English, Gaelic and Germanic, all were immigrants and they differed in this only as to the time of the sailing of the ships."

"The German immigrants coming here fitted into the life of the land in all its varieties and had their full share in all its activities, in the privations of pioneer life, in the dangers and hardships of war, in the labors and achievements of the years that followed after the wilderness was subdued and the battle flags were furled."

"Not laggards in the stress of war, time, they were not sluggards in the times of peace. As they went into every section of the state they went into every walk of life. There was no cauldron in which they sought to purify themselves and none, if it was honorable, from which they excluded themselves. They brought to the pursuits in which they engaged, the homely qualities more essential than any other to an increasing general welfare, they had industry, thrift and patience. They sought not the short cuts of chance of speculation, but got their gains by labor and accumulated them by economy."

In Public Offices.

"In the public offices we find Germans conspicuous for their service, not so many however in this field as we might expect. The settlers at Germantown found it difficult to fill their public posts. Men were elected or appointed to office, but would not accept, or having accepted, after a short period would resign. A resort to fines and penalties was necessary to keep the offices filled. Something of this reluctance seems to have continued down to our time if not to our time. But an active interest in public affairs the Germans always maintained. And in their politics were American. They brought with them no controversies, no party divisions, no feuds or factions from the atherland. Their influence has always been wholesome. They have stood for freedom for union, for sound finance against sumptuary

legislation, for a business system in our civil service and above all for individual independence in political action, the voter taking his instructions from his own conscience rather than from his party caucus."

"The social and domestic habits of the Germans were fashioned under law and order and they make not believe that good living is incompatible with a good life. His comradeship, though filled with good cheer, is not riotous, but quiet and genial and wife and children are the sharers of his pleasures."

"The German immigrant as he steps upon our shores needs but the new civic baptism to become in heart and soul, in purpose and habitude, equally with those who crossed the seas before him an American citizen."

Makes Opening Address.

Congressman Richard Bartholdt, who made the opening address at a banquet to 1,000 delegates tonight, took occasion to give what he declared the typical German-American stand on the temperance and immigration questions. Prohibition is not "liberty," he declared, "and we want to be free men whose conscience is a mightier dictator than the policeman's club."

"Restricted immigration is not liberty, and we want to deny to no man, not even the poorest, the opportunity by which we ourselves rose to success."

Mr. Bartholdt's subject was "The Relation of the German-American to his Fatherland." This relation, he said, was neither political nor social, but merely the natural attraction of the human heart for the soil upon which it first breathed life.

"We resent the idea that there is any connection between the German-American and the German government," he continued. "We are too good American citizens for that. But there is one German quality which always sticks to the zones of the fatherland, no matter how good Americans they become and that is honesty in both public and private life."

HAIR HINTS

Worthy the Attention of People Who Wish to Preserve Hair.

Never use a brush or comb found in public places. They are usually covered with dandruff germs.

Shampoo the hair every two weeks with pure soap and water, or a good ready prepared shampoo.

Use Parisian Sage every day, rubbing thoroughly into the scalp. This delightful and invigorating hair tonic which Coover & Shreve sell in a large 50 cent bottle is guaranteed to quickly abolish dandruff—to stop hair from falling and scalp from itching or monev refunded.

To put life and beauty into dull, dry or faded hair and make it soft and fluffy surely use Parisian Sage—it is one of the quickest acting hair tonics known. Coover & Shreve. (Adv.)

GET RID OF THE TORMENT OF RHEUMATISM.

That you can do by ridding yourself of the cause. Weak, sluggish, inactive kidneys allow the uric acid crystals to circulate in the blood, and these lodging in the joints and muscles, cause rheumatism, lumbago and stiff swollen aching joints. Foley Kidney Pills ease your pain and torment from them the time you begin taking them. They positively and permanently build up the kidneys, restore their normal action, and strain out the uric acid crystals that cause the rheumatism and lumbago. Try them. City Drug Co., J. A. Obermeyer. (Adv.)

TWENTY YEARS A BISHOP.

Boston, Oct. 6.—An imposing service was held in St. Paul's cathedral today in celebration of the 20th anniversary of the consecration of Right Rev. William Lawrence as Episcopal bishop of Massachusetts. Bishops, clergy and prominent laymen representing the church in all parts of the country took part.

W. R. C. NOTICE.

The W. R. C. is requested to meet at Centenary M. E. church Tuesday at 1 p. m. to attend the funeral of the late Mrs. Julia Gibbons.

Mrs. Mary F. Taylor, Sec.
Mrs. Mary E. Jordan, Pres.

PROGRAM ARRANGED FOR YEAR'S STUDY

Chaminade Music Club Holds Annual Election of Officers and Outlines Works For Coming Months.

The annual business meeting of the Chaminade Music club was held Monday afternoon with Mrs. J. P. Brown on North Prairie street. A number of new names were presented to fill vacancies and the prospects for the coming year are bright and encouraging.

The following officers were elected:

President—Mrs. J. P. Brown.
Vice-president—Mrs. Robert L. Stice.
Rec. Sec.—Miss Cora Gordon Graham.

Cor. Sec. and Librarian—Mrs. Virginia Vasey.

Treasurer—Miss Sarah Walker. The program committee reported the following outline arranged for the season's study:

Outline of Study.

Oct. 6—Annual business meeting.
Oct. 20—Music in Germany. Mozart, Handel, Bach, Brahms, Haydn, Franz, R. Strauss, H. Wolf, Meyerbeer, Offenbach.

Nov. 3—Music in Germany. Schubert Schumann, Mendelssohn.
Dec. 1—Music in Scandinavia. Grieg, Gade, Schytte, Lassen, Singing, Kjerulf, Sjogren, Lvensen, Sibelius.

Dec. 15—Music in Russia and Poland. Tchaikowsky, Rubenstein, Korsakow, Albieff, Schutt, Borodin, Chopin, Leschetizky, Paderewski, Scharwenka, Meyer-Helmund, Moszkowski.

Jan. 5—Modern French composers. Berlioz, Wekerlin, Duhois, Godard, Debussy, Massenet, Delibes, Gounod, Bizet, A. Thomas, Saint-Saens, Plerne, Bemberg, Charpentier, woman composers. Chaminade, Eva Dell Acqua, Augusta Holmes.

Feb. 2—Music in Italy and Hungary. Mascagni, Verdi, Dema, Toschi, Poldini, Puccini, Ardit, Legabati, Pissuti, Doinzetti, Liszt, Korbay, Goldmark.

Feb. 16—Open meeting. Two piano work.

March 2—Music of Japan and the Orient.

March 16—Music in England. Balfe, Elgar, Lane, Willeby, German, Del Reigo, Sullivan, Cowen, Allislen, Wallace, M. V. White, C. Taylor, d'Hardelet, Lehmann.

March 30—Music in America. Indian Colonial, Romantic Period, Folk Songs, War Songs, Patriotic Songs.

April 13—Music in America. Twenty-one noted composers.

April 27—Twenty noted American woman composers.

May 11—Open meeting. Spring-time music.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move, and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allentr, druggist.—Adv.

INVESTIGATE KIDNAPING CASE.

Newcastle, Ind., Oct. 6.—The Henry county grand jury met today to begin an exhaustive investigation of all the circumstances connected with the mysterious disappearance of Katherine Winters the nine-year-old daughter of Dr. and Mrs. W. A. Winters of this city. It is now more than six months since the child disappeared from the city in broad daylight. Detectives have scoured the country from end to end and pictures of the missing child have been displayed in moving picture houses in every city and town of the land, but as yet not the slightest clue as to her whereabouts has been obtained. Whether she was killed or kidnaped is still a question.

TO KEEP YOUTH

and beauty—to prevent wrinkles and "crow's feet" and deep black circles under the eyes—nothing is as good as

Dr. Pierce's FAVORITE PRESCRIPTION

Give it a fair trial for banishing those distressing pains or grains on one's vitality. This prescription of Dr. Pierce's regulates all the womanly functions. It eradicates and destroys "Female Complaints" and weaknesses that make women miserable and old before their time. Every girl needs it before womanhood. Every mother needs it. It is an invigorating tonic for the female system. All medicine dealers have sold it with satisfaction, to customers for the past 40 years. It is now obtainable in liquid or tablet form at drug stores—or send 50 one-cent stamps for trial box, to R. V. Pierce, Buffalo.

DR. PIERCE'S PLEASANT PELLETS
regulate and invigorate stomach, liver and bowels.
Sugar coated, tiny granules, easy to take as candy.

Mild But Full Flavored

C. C. C. 5c CIGAR

Is a "Blessing" to the man who wants a good smoke but doesn't want it to hurt him.

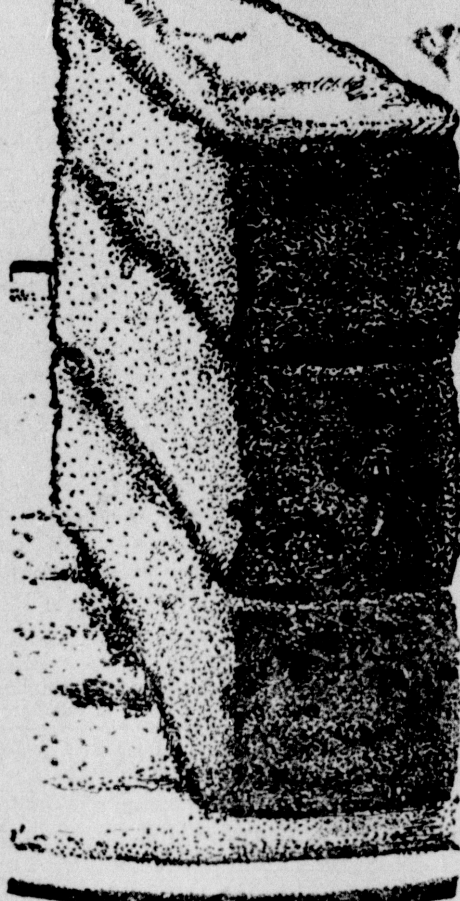

UNITARIANS IN CONFERENCE.

Buffalo, N. Y., Oct. 6.—Liberalism in religious thought is to be the principal theme at the 25th biennial session of the general conference of Unitarian and other christian churches, which assembled in this city today for a four days' session. Dr. Charles W. Eliot, former president of Harvard university, is presiding over the sessions.

THE TEMPERATURES

The temperatures for Monday, according to G. H. Hall, weather observer at Alexander, were: Maximum, 82; minimum, 61.

Good To the Last Slice

MISS LEILA MAY SMITH WEDS MR. EVAN H. WILDMAN

Beautiful Wedding Ceremony Held at the Home of the Bride's Parents on Caldwell Street—Young People Will Reside in Chicago.

The marriage of Miss Leila May Smith, daughter of Mr. and Mrs. C. S. Smith of 223 Caldwell street and Mr. Evan Harris Wildman of Chicago, Ill., was solemnized Monday evening at 8 o'clock at the home of the bride's parents, Rev. G. W. Flagg, pastor of Centenary Methodist Protestant church, officiating. It was a marriage where youth, beauty and simplicity met and all the appointments were made in a charming manner. The occasion was also the twenty-seventh anniversary of the wedding of the bride's parents.

An added attractiveness was lent to the home by the use of pretty flowers. In the parlor, where the ceremony was held, a large arrangement of ferns and potted plants was in evidence, filling the entire space of the bay window. On either side of the arrangement was a large basket of chrysanthemums. In the hall way the decorations were of asparagus and hydrangeas; in the living room golden rod and red roses, while in the dining room asparagus and pink roses were used to pretty effect.

Proceeding the ceremony Mr. Dwight Smith and Miss Verne Smith, brother and sister of the bride, sang "I Love You Truly." The young people entered the parlor, unattended, while Miss Verne Smith played the wedding march from Lohengrin. The troth was pledged in an impressive manner by Rev. Mr. Flagg, as the bride and groom stood in front of the beautiful floral creation, the ring ceremony being used. At its close, the minister invoked the divine blessing upon the young people that their lives might be happy and used for the best throughout their wedded years. While the marriage was being said Miss Smith played softly "Caprice," by Schuler and "Humoresque" by Dvorak.

The bride was prettily gowned in a white crepe meteor, trimmed with Irish lace and pearls, with surplus waist made in train. She carried a white bouquet of bride's roses, tied with white ribbons. She is the second daughter of Mr. and Mrs. C. S. Smith and has lived the greater part of her life in Jacksonville. She is a graduate of the Jacksonville high school, with the class of 1912. While in school she was quite active in its affairs, being a member of the Triangle club, basketball team, Athenaeum and of the dramatic club. She is also a member of the Centenary M. E. church. Aside from her many accomplishments, she possesses a sunny disposition and never wants for friends wherever she goes. She will be missed in the home and by her large circle of friends, all of whom will wish her every happiness in her new life.

The groom is the son of Mr. and Mrs. G. H. Wildman of Bloomington and is a graduate of the Delavan high school, with the class of 1908. A few years ago he entered the employ of the Bell Telephone company and has worked his way up until now he holds the position of material supervisor of Illinois for the company, with headquarters in Chicago. Few young men are held in higher esteem than he, for uprightness of life, progressiveness and ability. He is a member of the Methodist church.

After the ceremony and sincere congratulations had been extended a delightful collation was served, these assisting being Miss Irene Cox, Miss Josephine Ross, Miss Sue Fox, Miss Katherine Hardin and Miss Edith Miller.

Mr. and Mrs. Wildman left on the 9:40 Wabash train for Chicago, where they will make their home at 3824 Wilton avenue. A merry crowd of young people went to the train and showered them with rice and good wishes. They received many pretty and useful wedding presents.

Among the guests from out of the city to attend the wedding were Mr. and Mrs. G. H. Wildman of Bloomington, Miss Edith Miller of Charleston, Miss Florence Kneale of Kempton, Mr. and Mrs. Chas. Vose of Perry, Mr. and Mrs. H. C. Henken, son and daughter of Springfield, Miss Katherine Hardin of Carthage, George Ryan and Glenn Decker of Chicago, Miss Mabel Hildreth of Roodhouse, Lee Smith of Chandelville, Mr. and Mrs. F. C. Todd of Roodhouse.

Commissioner W. J. Spaulding and family of Springfield and W. J. Spaulding of Champaign were guests Sunday at the home of Mr. and Mrs. Frank Bode of West Lafayette avenue.

PLANS ADOPTED FOR EIGHTH GRADE BUILDING MONDAY

Important Matter Was Decided at Board of Education Meeting—Will Advise for Bids—Changes Among Teachers.

At the regular meeting of the board of education Monday night plans for the proposed eighth grade building prepared by C. W. Buckingham were adopted and the board will at once advertise for bids for construction. Several other important matters were also given attention.

The board met in regular session Monday evening with all members present and Mayor Geo. W. Davis in the chair. The minutes of the last regular and subsequent called meeting was read and approved.

The clerk read a communication from Clarence W. Buckingham stating that the board had not used the first set of plans and specifications for the eighth grade building he had prepared owing to the great cost of constructing according to them and per order of the board he had drawn another set which he felt would meet requirement to a very satisfactory degree and would come within the \$75,000 limit.

The plans were shown in a voluminous set of blue prints and examined by the board and Supt. Gore.

Member Bavington, seconded by Member Wells, moved the plans be accepted and adopted.

Member Hall thought the action too hasty. He had not had an opportunity to go over them and felt that each member should do so. He didn't like the idea of a heating plant without the building nor having a majority of the pupils on the third floor.

Member Hall seconded by Member Rogerson moved to lay the plans over till next meeting. The vote was a tie, Bavington and Wells voting no.

The mayor said he had had no voice in the matter so far. He had not taken into the confidence of the board from the start and about all he had had any voice in was the gymnasium which he was glad to see and he would vote no on the amendment.

The original question of adopting the plans was then put and again was a tie. Members Bavington and Wells voting aye. The mayor voted yes and the plans were adopted three to two.

Member Wells then moved to advertise for bids to complete the building according to the new plans and specifications. All to be in by Oct. 21, 7:30 p. m.

Member Hall said he had nothing to do with these new plans, had had an opportunity to see them and knew almost nothing about them himself or the order to prepare them. Member Rogerson said the same.

Member Bavington said Mr. Buckingham's door had always been open. Member Rogerson said the whole thing had been done without the understanding and knowledge of himself and Member Hall and he was opposed to going ahead till he had a better knowledge of the plans.

The vote stood as before, the mayor voting with Members Bavington and Wells to accept.

Member Bavington said the building would be all right and something of which the city would be proud.

The parents and teachers association asked permission to concrete a part of the basement of the second ward school building for manual training purposes. Granted.

Mr. Whitely, assistant janitor at the high school building resigned and the application of George B. Keller was read and placed on file.

Member Wells reported temporary placing of Miss Alkire from third ward to 8th grade and Miss Flossie Proctor in Miss Alkire's place and asked they be made permanent. Carried.

He also moved that Miss Kate Layells be appointed teacher in a primary grade in the third ward. Approved. He also named Miss Louise Gates as general or substitute teacher at \$50 a month. Carried.

George B. Keller was appointed assistant janitor of the high school. A communication from the manufacturers of the Remington, Smith Premier and Monarch typewriters who wanted the trade of the schools was rejected.

The bill of C. W. Buckingham for plans and specifications for 8th grade building, those first drawn and rejected, was presented and laid before the meeting.

Supt. Gore reported a desire to adopt a permanent filing system not to exceed \$75 cost and was permitted to go ahead and get it. Supt. Gore reported 74 outside pupils in the high school. Of these 22 were from districts which should pay the tuition and he was instructed to collect from them by the 15th of October or send them home.

The matter of additional equipment for Miss Baldwin's domestic science department was referred to Member Rogerson with power to act. Adjourned.

Reports.

Supt. Gore reported 1973 pupils enrolled and 1975 attending. Jefferson school—283. Lafayette—397. Franklin—285. Washington—392. Eighth grade—181. High School—389. P. E. Farrell, treasurer reported in general fund, \$13,476.65. Building fund, \$53,937.97.

DID YOU SEE THESE ILLUSTRATIONS IN THE WOMAN'S HOME COMPANION?

They advertise **Printzess** Coats and Suits—the garments that are guaranteed for two whole season's wear, linings and all.

We are the exclusive sellers of the **Printzess** in Jacksonville, and we want you to put them to the test of a personal try-on in our garment department.

Below we have described and priced a number of **Printzess** styles selected at random.

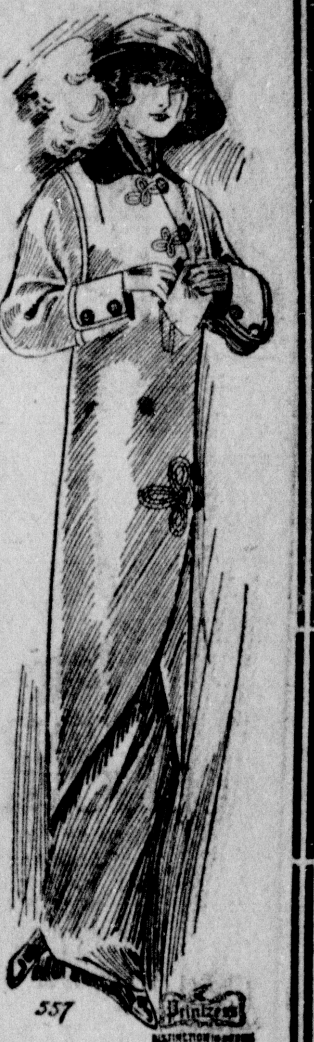

Printzess fur Matalase Coats, an exclusive fabric with us. You can find nowhere else. The biggest hit of the season—We have all sizes,

Printzess Matalase Coats half lined **\$18.00**

Printzess Matalase Coats full lined **\$25.00**

Printzess Matalase Coats plush trimmed **\$27.50**

The new Furs in our garment section are dependable and very much underpriced for early buyers.

Montgomery & Deppe

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best"

"Strange, that for years, I couldn't see that trying to get good work from an old, worn-out range, merely to save the price of a new one, was not true economy. My **Great Majestic** has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary.

"Talk about luck in baking—'luck' is nothing but good oven and my **Majestic** oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our **Majestic**."

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the **Great Majestic** dealer in nearly every county in 40 states! Compare it point for point with any other range. Then you can buy intelligently and be sure of a range that will last a lifetime—the

Great Majestic Malleable and Charcoal Iron Range

A Perfect Baker—A Fuel Saver
Outwears Three Ordinary Ranges

ONLY range made of malleable iron and charcoal iron. Charcoal iron WON'T RUST LIKE STEEL—malleable iron can't break. Put together with rivets—joints always absolutely tight. Body lined with asbestos board, covered with iron grates—you can see it—insuring a dependable baking heat with half the fuel required in ordinary ranges.

All Copper Movable Reservoir—Other Exclusive Features: Reservoir in direct contact with fire, heats through copper pocket pressed from one piece—exclusive patented feature. Green thermometer—never fails. All doors drop down and lock tight. Open end ash pan—ventilated ash pit—ash cap. Contains Greatest Improvement Ever Put in a Range—increasing strength and wear of a **Great Majestic** more than 200% at a point where other ranges are weakest. Ask about it. Best range at any price. We can furnish any size or style with or without legs. Come in and let us show them to you.

AUTOMOBILISTS HAVE NARROW ESCAPES

Two Machines Collide on Meredosa Road—George B. Beekman Runs Into Team and Spring Wagon—Damage to Car on North Main Street.

Saturday night George B. Beekman was bringing to the city Rev. W. L. Dorgan when the prestolights went out. He put on oil lamps but they failed to give much light and as a result he collided with a Zachary driving a light wagon. The wagon was turned over two or three times it seemed. Mr. Zachary was thrown out but it soon discovered and caught the horses and when all was over the damage to either wagon or was found not to be great, indeed to the wagon quite slight. They got a man to bring them to the city, shook hands over the affair and all were happy.

Sunday as Peter Rutherford of Estaque's garage was driving west near Nauvaster creek on the Meredosa road he collided with Mr. Ommen of Chapin coming in a Midland car. Rutherford says he was on the proper side of the road, but there is a sharp curve there and weeds prevent any one seeing beyond. He says Ommen the wrong side of the road blew his horn and failed to turn away (though he (Rutherford) ran his car into the ditch to avoid a collision. Ommen's car was badly damaged and Rutherford's was put out of commission, though not nearly so badly.

Sunday as S. W. Babb was driving north on North Main street on the street car track he saw a street car coming toward him and tried to get off the track, but the hind wheels struck the rails and would not come away and the street car ran into him, doing several hundred dollars worth of damage, though, but, no one.

John P. Davis of Oville was in the city yesterday, in his Ford car, bringing J. B. Thompson and Charles Newland of Winchester to the state fair.

William Nergenan of Chapin visited the city yesterday in a Ford car. John L. Johnson made a trip to Joy Prairie yesterday in his Halliday car.

Mr. and Mrs. John Heaton of Lynville precinct came to the city yesterday in their Case car.

The Misses Mayfield of the west part of the city visited the city yesterday in their Overland car.

Mr. and Mrs. J. C. Neat of Winchester drove to the city yesterday in their Case car.

George S. Gay made a business trip to Springfield yesterday in his White gas car.

Fritz Haskell of Exeter was in the city yesterday in his Ford car, bringing Dr. and Mrs. J. H. Stewart and Mrs. J. R. Haskell and two daughters.

John Vasconcellos and sister, Mrs. Benjamin Holkenbrink, and Mrs. Joseph Estaque all visited the fair yesterday in an Oakland car.

Charles Reid of the northwest part of the county visited the city yesterday in his Stoddard-Dayton car.

John Reynolds of Woodson visited the city yesterday in his Mitchell car.

Charles Ogle of the northwest part of the county journeyed to the city yesterday in his Maxwell car.

Harry Nummeier of Concord came to the city yesterday in his Carter car.

Dr. Dolson of Mowequa came to the city in a Buick car to visit his friend, J. O. Priest.

L. L. Sappington took a load of friends from Exeter to the fair in a Ford car.

Charles Potter of West Lafayette avenue purchased a 1914 model 7 passenger McFarlan six automobile yesterday from David Estaque at the state fair. The car is finished in a beautiful shade of brown. Mr. Estaque will deliver the car at once.

While driving west on Independence avenue in his International car Sunday morning at 10:30, Joseph Howard had an unfortunate collision with the North Main street car, in charge of Motorman Alex. Murray.

The left rear wheel and the fender were torn off and the body of the car was loosened. The accident was caused by the skidding of the tires of the machine when making the turn at the corner of North Main street and Independence avenue.

MET BRYAN IN WASHINGTON
W. C. Bradish, vice-president of the Clover Leaf company has recently returned from a business visit in the east. He was in Boston, New York, Philadelphia and Washington. While at Washington he had the pleasure of meeting W. J. Bryan who figured about his.

Inquired about his friends in Jacksonville and wished to be remembered to a number he named.

**OFFICERS INVESTIGATE STORY
OF GREEK MINE FIREMAN**

Eris Karas Reports That a Band of Coal Mine Strikers Are Holding His Brother as a Hostage, Under Threat of Death.

Trinidad, Colo., Oct. 6.—Officers tonight are investigating the story of Eris Karas, a Greek fireman at the Tabasco mine, who reported today that a band of coal mine strikers are holding his brother as a hostage under threat of death, to insure his own return to captivity. Karas returned to Tabasco this afternoon and told Mine Superintendent Charles O'Neill that he and his brother had been held up by armed strikers last night, dragged from the buggy in which they were driving to Ludlow, beaten and threatened with death if they did not join the strikers. Then, according to the Greek's story, they were taken to the camp of the striking miners at Ludlow and held prisoners over night. Karas said he had been allowed to return to Tabasco for his trunk on promise that he would return to the strikers' camp. His brother was held as a hostage, he declared, and his captors told him his brother would be severely dealt with, if he, Eris, did not return.

POOL ROOMS MUST OBEY THE LAW STRICTLY

Chief of Police Davis Serves Notice on Proprietors to Exclude Minors—Game of "Rum" Is on Tabooed List.

Chief of Police George P. Davis yesterday served notice upon the proprietors of all billiard and pool halls that they must not permit minors to frequent their premises. The chief also notified the proprietors that "rum" and other card games must not be played in their places of business. "Rum" is a card game familiar to pool room habitués which does not indicate to the ordinary observer that money is changing hands, but which, nevertheless, is very profitable to the "house."

Last night Chief Davis said he would be glad to know the names of any boys, under age who are in the habit of spending their time in pool rooms, against the wishes of their parents. If parents or others suggest names of such boys special attention will be given to their cases.

The section of the law relating to minors in pool rooms, etc., reads as follows:

"No such table, alley or board shall be used or let for use on the Sabbath day or night, nor used by, or let or hired to any minor, nor any minors allowed to frequent the premises where the same is kept without the consent of his parent or guardian, nor any gambling allowed in or upon said premises, and said premises shall be closed at eleven (11) o'clock p. m. and remain closed until 5 o'clock a. m. of each day, and no games or amusement allowed therein after that hour."

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers. (adv)

\$5 to \$8.50

Saving Steps

The greatest boon that has been given to the housekeeper of today is the modern kitchen cabinet. And among kitchen cabinets, "Sellers" Kitcheneed stands head and shoulder above the rest.

It cuts the drudgery of kitchen work almost squarely in two. It brings everything necessary in cooking, together, all ready for use. It allows the housewife to spend hours of her time, that would otherwise be spent in "chasing after" things, in leisure or at some more pleasant occupation.

Because everything is right at hand, within easy reach, it enables you to do a large part of your work seated at the cabinet, entirely doing away with long hours of wearisome standing and walking about.

"Sellers" Kitcheneed contains dozens of conveniences that you cannot fully appreciate until you have used one. It contains more distinctive, sanitary and economical features than any other cabinet made. There is a reason for this. For al-

most a quarter of a century the "Sellers" Company has made nothing but kitchen furniture, always studying and experimenting in their effort to in some way improve their product. As a result, Kitcheneed offers you splendid advantages that no other kitchen cabinet can, and at prices that other concerns could not afford. Don't you think that you would appreciate these things—excellent appliances that not only save hundreds and hundreds of footsteps every day, but make your work lighter and keep things better as well? We know you would.

LESS WORK

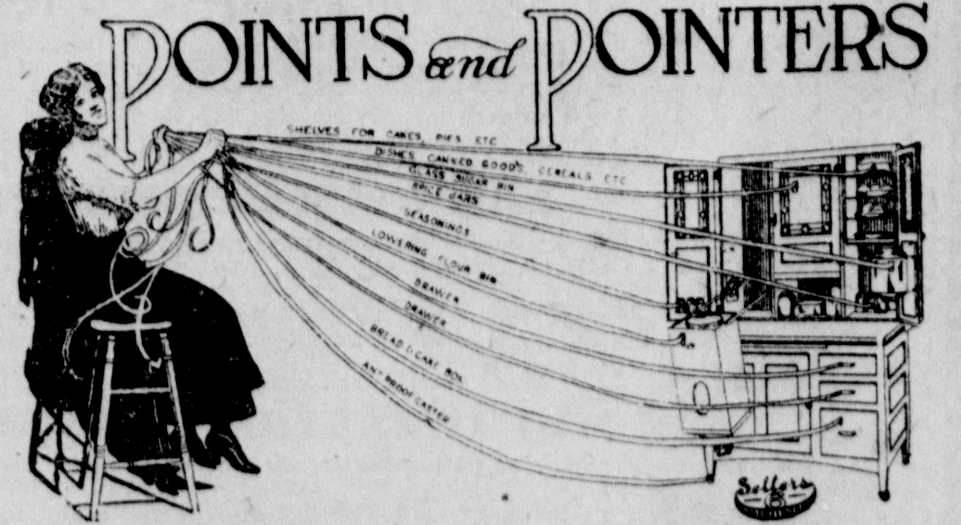

more time for rest and real home enjoyment for every housewife—with a "SELLERS" Kitcheneed in the kitchen.

The Store of Today and Tomorrow

SELLERS'

Kitcheneeds are built to give years of satisfactory service. Everything that goes into the making is the best that can be procured.

MORTUARY

Hansmeyer.
William Hansmeyer died Monday morning at Maplewood sanitarium, where he had been a patient for the past three weeks. He was the son of Mr. and Mrs. August Hansmeyer and was born January 8, 1884, in Cass county, being 29 years of age at the time of his death. He is survived by his widow, who was formerly Miss Hess of Beardstown, two children, his parents and three brothers, Samuel and Edward of Cass county and Harvey, residing southeast of Jacksonville.

For sometime the family resided nine miles northwest of this city. The remains were cared for at the undertaking parlors of Williamson & Cody. The funeral will be held Wednesday afternoon at 2 o'clock from the M. E. church in Beardstown and interment will be made in Oak Grove cemetery.

Breckon.
James W. Breckon has received word of the death of his uncle, John Y. Breckon, of Central City, Kansas. The deceased was formerly a resident of this county and a number of years ago moved to Kansas City and later to his last place of residence. James and Joseph Breckon of this city are nephews, Mrs. Catherine Swain of Rount street is a sister and the only one left of the family. Mrs. Inez Coultas of Winchester is a daughter and will attend the funeral.

Lane.
J. W. Lane and family have gone to Barry, Ill., to attend the funeral of Mr. Lane's mother.

Mallory Bros. buy overcoats.

FARWELL & RHINES' GLUTEN FLOUR

The pure food laws of the United States and of individual states demand that flour called "Gluten Flour" for the use of diabetics, and others, shall contain at least 5.6 per cent of nitrogen, this factor multiplied by the factor 6.25 (in use by Analysts) shows the amount of protein or gluten required to 35 per cent. Both the physician and his diabetic patient have a right to expect and insist that such a product be furnished. Substitution, carelessness or deception in this matter are dangerous.

Our "Gluten Flour" of superior stock, granulation and manufacture, is made especially for such cases, and contains about 40 per cent of gluten or protein. It is not excelled, if equalled, in America or Europe, as diet in marked case of Diabetes Mellitus, Obesity, Rheumatism and other ills arising from excess of uric acid.
